Table of Contents

Foreword .............................................................................................................................................. xx

Preface ................................................................................................................................................ xxii

Acknowledgment .......................................................................................................................... xxvii

Section 1
Strategy, Service Dominant Logic and Value Co-Creation Fundamentals

Chapter 1
Strategic Relationships: A Service Science Perspective .......................................................... 1
  Md. Abul Kalam Siddike, Japan Advanced Institute of Science and Technology, Japan
  Haluk Demirkan, University of Washington – Tacoma, USA
  Youji Kohda, Japan Advanced Institute of Science and Technology, Japan
  Jim Spohrer, IBM Almaden Research Center, USA

Chapter 2
Engineering Value Co-Creation in Product-Service Systems: Processes, Methods, and Tools .......... 22
  Giuditta Pezzotta, Università degli Studi di Bergamo, Italy
  Sergio Cavalieri, Universita degli Studi di Bergamo, Italy
  David Romero, Tecnológico de Monterrey, Mexico

Chapter 3
Co-Creation Emerging in Markets and with Consumers: Contrasting Service-Dominant Logic and
Value Co-Creation .......................................................................................................................... 37
  Barbara Aquilani, University of Tuscia, Italy
  Costanza Nosi, LUMSA University, Italy
  Tindara Abbate, University of Messina, Italy

Chapter 4
The Importance of Customer Satisfaction and Customer Loyalty in the Service Sector .................. 59
  Kijpokin Kasemsap, Suan Sunandha Rajabhat University, Thailand
Chapter 5
The Interactive Approach to Exploring Value Co-Creation ................................................................. 83
Maya Golan, Afeka – Tel Aviv Academic College of Engineering, Israel

Section 2
Organizational Value Co-Creation (e.g., Projects as Service, Agile Service, and Supply Chain Value Co-Creation)

Chapter 6
Role of PR in Relations Management with Strategic Partners Leading to Value Co-Creation .......... 103
Tanushri Mukherjee, Amity University Rajasthan, India
S. S. Nathawat-Aibas, Amity University Rajasthan, India

Chapter 7
Service Capability Analysis as a Contribution to Co-Creation .......................................................... 133
Rogério Puga-Leal, UNIDEMI, Universidade Nova de Lisboa, Portugal
Marta Ormazabal, Tecnun, University of Navarra, Spain

Chapter 8
Co-Creating Value Derivations in a Service System Journey............................................................. 154
Ralph D. Badinelli, Virginia Tech, USA

Chapter 9
Value Co-Creation Approach for Improving Performance of Outsourced Projects ......................... 172
Yuval Cohen, Tel-Aviv Afeka College of Engineering, Israel
Shai Rozenes, Tel-Aviv Afeka College of Engineering, Israel

Chapter 10
An Analysis of the Agile Theory and Methods in the Light of the Principles of the Value Co-Creation............................................................................................................................................ 184
Bertrand Verlaine, University of Namur, Belgium

Section 3
General Value Co-Creation

Chapter 11
Social Media Marketing and Value Co-Creation: A System Dynamics Approach ............................. 205
Francesca Costanza, University of Palermo, Italy

Chapter 12
Strategic IT Alignment in Service Sector ............................................................................................. 231
Abrar Haider, University of South Australia, Australia
Sureerat Saetang, University of South Australia, Australia
Chapter 13
QPLAN: A Tool for Enhancing Software Development Project Performance with Customer Involvement ........................................................................................................................................... 259
  Marco Antônio Amaral Féris, Cranfield University School of Management, UK

Section 4
Case Studies of Value Co-Creation

Chapter 14
Balancing Value Co-Creation: Culture, Ecology, and Human Resources in Tourism Industry ........ 285
  Jesus Alcoba, Centro Superior de Estudios Universitarios La Salle, Spain
  Susan Tumolva Mostajo, De La Salle University – Dasmariñas, Philippines
  Romano Angelico Trinidad Ebron, De La Salle University – Dasmariñas, Philippines
  Rowell Paras, De La Salle University – Dasmariñas, Philippines

Chapter 15
Value Co-Creation in Education: A Case Study on Engineering Education ................................. 305
  V. E. Annamalai, SSN College of Engineering, India

Chapter 16
Student-Faculty Joint Research as a Strategic Alliance for Knowledge Co-Creation in Academia ........................................................................................................................................... 325
  Neeta Baporikar, Namibia University of Science and Technology, India

Chapter 17
Mobile Services for Development: An Opportunity for Academic Co-Creation ......................... 342
  Alan Hartman, University of Haifa, Israel & Afeka College of Engineering, Israel

Chapter 18
E-Service Innovation in Rural Africa Through Value Co-Creation ............................................ 355
  Anna Bon, Vrije Universiteit Amsterdam, The Netherlands
  Jaap Gordijn, Vrije Universiteit Amsterdam, The Netherlands
  Hans Akkermans, Vrije Universiteit Amsterdam, The Netherlands

Chapter 19
Modelling and Simulation Perspective in Service Design: Experience in Transport Information Service Development ........................................................................................................................................... 374
  Monica Dragoicea, University Politehnica of Bucharest, Romania
  Joao Falcao e Cunha, University of Porto, Portugal
  Monica Viorela Alexandru, National Authority for Scientific Research and Innovation, Romania
  Denisa Andreea Constantinescu, University of Málaga, Spain

Chapter 20
Co-Creation and Healthcare Operations Management ........................................................................ 400
  Paul Lilfrank, Aalto University School of Science, Finland
Chapter 21
Value Co-Creation in Fitness Centers: The Role of Customer Citizenship Behavior on Perceived Value, Satisfaction, and Repurchase Intention ................................................................. 415

Weisheng Chiu, Keimyung University, South Korea
Sunnyun Shin, Yonsei University, South Korea
Hyun-Woo Lee, Georgia Southern University, USA

Compilation of References ............................................................................................................. 431

About the Contributors .................................................................................................................. 495
