Contemporary Issues in Database Design and Information Systems Development

Table of Contents

Preface.......................................................................................................................................................... vii

Chapter I
Towards an Ontology for Information Systems Development:
A Contextual Approach ................................................................................................................................. 1
  Mauri Leppänen, University of Jyväskylä, Finland

Chapter II
Ontological Analysis of KAOS Using Separation of References ............ 37
  Raimundas Matulevičius, University of Namur, Belgium
  Patrick Heymans, University of Namur, Belgium
  Andreas L. Opdahl, University of Bergen, Norway

Chapter III
Applying UML for Modeling the Physical Design of Data Warehouses ... 55
  Sergio Luján-Mora, Universidad de Alicante, Spain
  Juan Trujillo, Universidad de Alicante, Spain
Chapter IV
Supporting the Full BPM Life-Cycle Using Process Mining and Intelligent Redesign
Wil M. P. van der Aalst, Eindhoven University of Technology, The Netherlands
Mariska Netjes, Eindhoven University of Technology, The Netherlands
Hajo A. Reijers, Eindhoven University of Technology, The Netherlands

Chapter V
Efficient Placement and Processing in Shared-Nothing Data Warehouses
Pedro Nuno San-Bento Furtado, Universidade de Coimbra, Portugal

Chapter VI
Factors Affecting Design Decisions for Customer Relationship Management Data Warehouses
Colleen Cunningham, Drexel University, USA
Il-Yeol Song, Drexel University, USA

Chapter VII
Effective Processing of XML-Extended OLAP Queries Based on a Physical Algebra
Xuepeng Yin, Aalborg University, Denmark
Torben Bach Pedersen, Aalborg University, Denmark

Chapter VIII
Is There a Difference Between the Theoretical and Practical Complexity of UML?
Keng Siau, University of Nebraska – Lincoln, USA
John Erickson, University of Nebraska at Omaha, USA
Lih Yunn Lee, University of Nebraska – Lincoln, USA

Chapter IX
Data Quality: An Assessment
Jeretta Horn Nord, Oklahoma State University, USA
G. Daryl Nord, Oklahoma State University, USA
Hongjiang Xu, Central Michigan University, USA
Elizabeth S. Myrin, Oklahoma State University, USA
Chapter X
Cover Stories for Key Attributes: Expanded Database Access Control ............................................................................................................................. 287
Nenad Jukic, Loyola University Chicago, USA
Svetlozar Nestorov, University of Chicago, USA
Susan V. Vrbsky, University of Alabama, USA
Allen Parrish, University of Alabama, USA

About the Contributors .............................................................................................................. 320
