Contents by Volume

Volume I

Achieving High Performance Outcomes through Trust in Virtual Teams /
Bonnie S. O’Neill, Marquette University, USA; and Todd Nilson, Talent Acquisition Partners, USA ............ 1

Activity Theory View of E-HR and Open Source, An /
Veronique Guilloux, Université Paris 12, France; and Michel Kalika, Université Paris, France .................. 7

Addressing Global Labor Needs Using E-Training / L. W. Murray, University of San Francisco, USA;
and Alev M. Efendioglu, University of San Francisco, USA ........................................................................... 12

Adoption and Diffusion Perspective on HRIS Usage, An /
Tobias Keim, Johann Wolfgang Goethe University, Germany; and Tim Weitzel,
Otto Friedrich University Bramberg, Germany ............................................................................................. 18

Adoption and Success of E-HRM in European Firms /
Eleanna Galanaki, Athens University of Economics and Business, Greece;
and Leda Panayotopoulou, Athens University of Economics and Business, Greece ................................. 24

Adoption of E-HRM in Large New Zealand Organizations /
Gloria Lau, Victoria University of Wellington, New Zealand;
and Val Hooper, Victoria University of Wellington, New Zealand .................................................................. 31

Andragogy and Pedagogy in Learning Theories / Victor C. X. Wang, California State University,
Long Beach, USA ............................................................................................................................................. 42

Approaches and Concepts to Restructuring Human Resources Management Functions /
Peter M. Wald, University of Applied Sciences Dresden, Germany;
and Rainhart Lang, Chemnitz University of Technology, Germany ............................................................. 48

Assessing Information Technology Capability versus Human Resource Information System Utilization /
Ralf Burbach, Institute of Technology Carlow, Ireland;
and Tony Dundon, National University of Ireland-Galway, Ireland ............................................................ 56

Assessing the Impact of Mobile Technologies on Work-Life Balance /
Sharon Cox, Birmingham City University, UK ................................................................................................ 63
Assessing the Use of Internet in the Recruiting Process / Luiz Antonio Joia, Brazilian School of Public and Business Administration-Getulio Vargas Foundation, Brazil & Rio de Janeiro State University, Brazil; and José Antonio Alves Silva, Independent Consultant, Brazil ....................................................................................................................70

B2E Relationships, Intranets, and Competency Management / Jorge Valdés-Conca, University of Alicante, Spain; Lourdes Canós-Darós, Polytechnic University of Valencia, Spain; and Susana de Juana-Espinosa, University of Alicante, Spain .................................................................................................77

Basics to Develop Web Services for Human Resources / Roman Povalej, University of Karlsruhe (TH), Germany; and Peter Weiß, University of Karlsruhe (TH), Germany ........................................................................................................84

Benchmarking Human Resource Information Systems / Herwig Ostermann, University for Health Sciences, Medical Informatics, and Technology, Austria; Bettina Staudinger, University for Health Sciences, Medical Informatics, and Technology, Austria; and Roland Staudinger, University for Health Sciences, Medical Informatics, and Technology, Austria......92

Benefits of Home-Based Working’s Flexibility, The / Diana Benito Osorio, Universidad Rey Juan Carlos, Spain ...........................................................................102

Benefits of Using Technology in Human Resource Management, The / Emma Parry, Cranfield School of Management, UK ....................................................................................110

Business, Information Technology, and Human Resource Strategy Alignment / Bettina Staudinger, University for Health Sciences, Medical Informatics, and Technology, Austria; Herwig Ostermann, University for Health Sciences, Medical Informatics, and Technology, Austria; and Roland Staudinger, University for Health Sciences, Medical Informatics, and Technology, Austria......117

Challenges of Simulation in Management Development / Peter Stokes, University of Central Lancashire, UK ........................................................................................................124

Collaboration Intricacies of Web 2.0 for Training Human Resource Managers / Jacqueline A. Gilbert, Middle Tennessee State University, USA ................................................................................131

Collaborative Technologies, Applications, and Uses / Ewan Oiry, Université de la Méditerranée, France .................................................................................................136

Communities of Practice / Gonçalo Costa, De Montfort University, UK ...........................................................................142

Competency Management Information Systems / Alfonso Urquiza, Universidad Francisco de Vitoria, Spain ....................................................................................149

Concepcion, Categorization, and Impact of HR-Relevant Virtual Communities / Anke Diederichsen, Saarland University, Germany ................................................................................154

Concepts and Challenges of E-Leadership / Krista J. Cravford-Mathis, Capella University, USA ..................161
Concepts, Technology, and Applications in E-Mentoring / Ricardo Colomo-Palacios, Universidad de Carlos III, Madrid, Spain; Juan Miguel Gómez-Berbers, Universidad de Carlos III, Madrid, Spain; Angel García-Cresco, Universidad de Carlos III, Madrid, Spain; and Cristina Casado-Lumbreras, Universidad Complutense, Madrid, Spain ............................................................. 166

Conceptualization and Evolution of Learning Organizations / Baiyin Yang, Tsinghua University, China .......... 172

Conflict Resolution in E-HRM Environments / Joseph Abiodun Bello, Covenant University, Ota, Nigeria; and Adeniji Anthonia Adenike, Covenant University, Ota, Nigeria ................................................................. 178

Consequences and Strategic Implications of Networked Enterprise and Human Resources / Ana Isabel Jiménez-Zarco, Open University of Catalonia, Spain; María Pilar Martínez-Ruiz, University of Castilla-La Mancha, Spain; and Óscar González-Benito, University of Salamanca, Spain ................................................................. 185

Considering Call Center Developments in E-HRM / Wendy R. Carroll, Acadia University, Canada .......... 191

Contingency Perspective on the Implementation of E-Performance Management, A / Tanya Bondarouk, University of Twente, The Netherlands; and Jan Kees Looise, University of Twente, The Netherlands ................................. 197

Contributions of Social Capital Theory to HRM / Marina Burakova-Lorgnier, ECE-INSEEC Research Laboratory, University of Montesquieu Bordeaux 4, France ................................................................. 203

Corporate Social Capital View on E-HRM Implementation, A / Zuzana Sasovova, Vrije Universiteit Amsterdam, The Netherlands; and Roger Th. A. J. Leenders, University of Groningen, The Netherlands ................................................................. 210

Curricula Frameworks for an E-Learning Catalog / Bettie C. Hall, HI Consulting, USA; and Nancy A. Inskeep, HI Consulting, USA ................................................................. 216

Data Warehouse and Business Intelligence Systems in the Context of E-HRM / Martin Burgard, Saarland University, Germany; and Franca Piazza, Saarland University, Germany ................................................................. 223

Developing an Innovative Curriculum to Prepare Networking Professionals for the Global Marketplace / Michael Jeffries, The University of Tampa, USA; and Raymond Papp, The University of Tampa, USA ................................................................. 230

Developments, Controversies, and Applications of Ergonomics / Kathleen P. King, Fordham University, USA; and James J. King, University of Georgia, USA ................................................................. 236

Diffusion of HRITs Across English-Speaking Countries, The / Miguel R. Olivas-Luján, Clarion University of Pennsylvania, USA & Tecnológico de Monterrey, México; and Gary W. Florkowski, Katz Graduate School of Business, USA ................................................................. 242

E-Communication in the Information Society and the Impact of New Technologies on Employee Communication / Paul Capriotti, Universität Rovira i Virgili, Spain ................................................................. 248
Effective Leadership in Virtual-Like Organizational Arrangements / Kenneth D. Mackenzie, University of Kansas, USA; and Larry E. Pate, Loyola Marymount University, USA .. 256

Efficiency of Electronic Recruiting Methods / Jonas F. Puck, University of Erlangen-Nuremberg, Germany; and Anda Paul, University of Erlangen-Nuremberg, Germany .. 267

E-Government and E-HRM in the Public Sector / Rhoda C. Joseph, The Pennsylvania State University, Harrisburg, USA; and Souha R. Ezzedeen, York University, Canada .. 272

E-HRM as a Reality in Virtual World / Gonca Telli Yamamoto, Okan University, Turkey; and Ahmet Özbek, Iremis Consultancy, Turkey .. 278

E-HRM Challenges and Opportunities / Alok Mishra, Atilim University, Turkey .. 286

E-HRM in Competence Recognition and Management / Marko Kesti, University of Lapland, Finland; Antti Syväjärvi, University of Lapland, Finland; and Jari Stenvall, University of Lapland, Finland .. 293

E-HRM Perspective on Motivation, An / Chen H. Chung, University of Kentucky, USA .. 301

Electronic Employee Performance Management (EPM) Systems / Thomas L. Case, Georgia Southern University, USA; and Robert Hoell, Georgia Southern University, USA .. 307

Electronic Monitoring in the Workplace / Daria Panina, Mays Business School, USA .. 314

Employee Incentives and Retention for an E-World / Bettie C. Hall, HI Consulting, USA; and Nancy A. Inskeep, HI Consulting, USA .. 321

Employees and Corporate Social Performance / Punit Arora, Syracuse University .. 327

Employer Brand Image Review and Future Strategies / Crystal M. Harold, Indiana University-Purdue University Indianapolis, USA; and Kevin P. Nolan, Bowling Green State University, USA .. 334

An Employer-Employee Relationship Perspective on Rewards, Challenges, and Systems / Herwig Ostermann, University for Health Sciences, Medical Informatics, and Technology, Austria; Bettina Staudinger, University for Health Sciences, Medical Informatics, and Technology, Austria; Magdalena Thoeni, University for Health Sciences, Medical Informatics, and Technology, Austria; and Roland Staudinger University for Health Sciences, Medical Informatics, and Technology, Austria .. 340

Enterprise Alignment and the Challenge for Organization Development / Brian H. Cameron, The Pennsylvania State University, USA; and Shaun C. Knight, The Pennsylvania State University, USA .. 350

E-Recruitment in Emerging Economies / Pramila Rao, Marymount University, USA .. 357

E-Resourcing as an Effective Function of E-HRM Performance Linkage Models / Anastasia A. Katou, University of Macedonia, Greece .. 363
E-Training in Ethical Behavior / Donna Galla, Nova Southeastern University, USA ............................................. 373

Expediting Personalized Just-in-Time Training with E-Learning Management Systems / Thomas L. Case, Georgia Southern University, USA; Geoffrey N. Dick, Australian School of Business, Australia; and Craig Van Slyke, Saint Louis University, USA .......................................................................................... 378

Exploration of the Perceived Value of Information Technology Certification between Information Technology and Human Resources Professionals, An / Casey G. Cegielski, Auburn University, USA; and Dianne Hall, Auburn University, USA ...................................................................................................... 386

Exploring the Link between Flexible Work and Organizational Performance / Eva Rimbau-Gilabert, Open University of Catalonia (UOC), Spain ................................................................. 392

Exploring the Relation between the Use of HRIS and their Implementation in Spanish Firms / José Antonio Fernández-Sánchez, University of Alicante, Spain; Susana de Juanas-Espinosa, University of Alicante, Spain; and Jorge Valdés-Conca, University of Alicante, Spain ........................................................................................................... 399

Extending Relationship Marketing to Human Resources Management Using the CaRM Approach to Personnel Recruitment / Tobias Keim, Johann Wolfgang Goethe University, Germany; and Kerstin Fritsch, Johann Wolfgang Goethe University, Germany ............................................................................................. 406

Group Support Systems as Tools for HR Decision Making / James Yao, Montclair State University, USA; and John Wang, Montclair State University, USA ............................................. 413

High Performance IT as Strategic Partner for HR Management / Ferdinando Pennarola, Bocconi University, Italy; and Leonardo Caporarello, Bocconi University, Italy......... 420

HR Portals as Tools for Relational Resources Management / Dino Ruta, Bocconi University, Italy .......... 428

HRIS as Drivers to Introduce Total Quality in HRM / Miguel Blanco Callejo, Rey Juan Carlos University, Spain ................................................................................................................................. 434

Human Capital Management for Sustainable Competitive Advantage in the New Economy / Benjamin Oyegoke Akinyemi, Commonwealth Open University, UK ................................................................. 441

Human Resource Implications of Computers, The / Rosemarie Reynolds, Embry-Riddle University, USA; Shirley Fedorovich, Embry-Riddle University, USA; and Michael Williams, Embry-Riddle University, USA ................................................................. 451

Human Resources as Manager of the Human Imprint / Charmine E. J. Härtel, Monash University, Australia ................................................................................................................................. 457

Human Resources in the Balanced Scorecard System / Juha Kettunen, Turku University of Applied Sciences, Finland .................................................................................................................................... 464
Human Resources Information Systems Role in Sarbanes-Oxley (SOX) Compliance / Kathryn J. Ready, Winona State University, USA; Milorad Novicevic, University of Mississippi, USA; and Monica Evans, University of Mississippi, USA

Human Resources Outsourcing Strategies / Veronique Guilloux, Université Paris 12, France; and Michel Kalika, Université Paris, France

Human Resources Strategies for Fair and Legal Employee Selection / Gregory G. Manley, University of Texas at San Antonio, USA

Human-Computer Interaction: A Human Resources Perspective / Benet Campderrich, Universitat Rovira i Virgili, Spain

Volume II

Importance of Task Type in Virtual Teams, The / Andre L. Araujo, The College of William & Mary, USA

Improving Employee Selection with Online Testing / Jeffrey M. Pollack, Virginia Commonwealth University, USA

Improving Virtual Teams through Swift Structure / Daphna Shwartz-Asher, Tel Aviv University, Israel; Niv Ahituv, Tel Aviv University, Israel; and Dalia Etzion, Tel Aviv University, Israel

Increasing Tacit Knowledge Sharing with an HRIS / Milton Mayfield, Texas A&M International University, USA; Jacqueline Mayfield, Texas A&M International University, USA; and Stephen Lunce, Midwestern State University, USA

Influence of Job Relevance, Output Quality, Task Technology Fit, and Privacy Concerns on Human Resources Information Systems Usage / Eric Deakins, University of Waikato, New Zealand

Information Technologies as a Vital Channel for an Internal E-Communication Strategy / José A. Lastres Segret, University of La Laguna, Spain; and José M. Niñez-Gorrín, University of La Laguna, Tenerife, Spain

Integrating Architecture for Competence Management, An / Giuseppe Berio, Università di Torino, Italy; Mounira Harzallah, Laboratoire d’informatique de Nantes Atlantique, France; and Giovanni Maria Sacco, Università di Torino, Italy

Intellectual Capital Models and their Role within Information Systems / Francisca Castilla-Polo, University of Jaén, Spain; and Dolores Gallardo-Vázquez, University of Extremadura, Spain

Interactive, Flexible, and Adaptable Decision Support Systems / John Wang, Montclair State University, USA; James Yao, Montclair State University, USA; and Jeffrey Hsu, Fairleigh Dickinson University, USA
Intercultural Competences as a Trust Factor in Virtual Team Work /  
Maria Assumpta Aneas, Universitat de Barcelona, Spain ................................................................. 563

Internet Technology-Based Tools Utilization in the Workplace of Contemporary Organizations /  
Janusz Wielki, Opole University of Technology, Poland .................................................................. 570

IT and the Social Construction of Knowledge / Elena Revilla, Instituto de Empresa-Madrid-Spain, Spain;  
and José Sánchez-Alarcos, Quasar Aviation, Spain ........................................................................... 577

Kaleidoscope Careers and Evolving HRM Issues /  
Sherry E. Sullivan, Bowling Green State University, USA; Lisa A. Mainiero, Fairfield University, USA;  
and Siri Terjesen, Queensland University of Technology, Australia .................................................. 584

Knowledge Facilitator vs. Knowledge Dictator in Today’s Organizations /  
Victor C. X. Wang, California State University, Long Beach, USA ................................................... 592

Knowledge Management Approach to Improving E-Business Collaboration, A /  
Sharon Cox, Birmingham City University, UK; and John Perkins, Newman University College, UK .......... 598

Knowledge Management in Organizations / Mario Pérez-Montoro, University of Barcelona, Spain .......... 605

Knowledge Management Systems as a Framework for IT in Knowledge Management /  
Ángel L. Meroño-Cerdán, Universidad de Murcia, Spain ................................................................. 611

Learning Organizations vs. Static Organizations in the Context of E-HRM /  
Victor C. X. Wang, California State University, Long Beach, USA ................................................... 617

Making E-Training Cost Effective through Quality Assurance /  
Lichia Yiu, Centre for Socio-Eco-Nomic Development (CSEND), Switzerland;  
and Raymond Saner, Centre for Socio-Eco-Nomic Development (CSEND), Switzerland ..................... 623

Management of the Human Resources and the Quality of the Services, The /  
José Antonio Lastres Segret, University of La Laguna, Spain;  
and Mariangélica Cadagan Garcia, University of La Laguna, Spain .................................................... 632

Managing the New Psychological Contract /  
Benjamin Oyegoke Akinyemi, Commonwealth Open University, British Virgin Island, UK .......... 640

Medical IT Systems and Their Effect on Human Resources /  
Robert J. Mockler, St. John’s University, USA; and Dorothy G. Dologite, City University of New York, USA ......................................................................................................................... 649

New Face of Sexual Harassment, The / Barbara A. Ritter, Coastal Carolina University, USA ................. 655

Occupational Culture and Socialization in IS / Indira R. Guzman, TUI University, USA ...................... 661

Online Dispute Resolution / Noam Ebner, Tachlit Mediation and Negotiation Training, Israel ............. 668
Orchestrating the Multi-Channel Character of Formal and Informal Communication in “Virtual Teams” / 
J. Kratzer, University of Groningen, The Netherlands; 
Roger Th. A. J. Leenders, University of Groningen, The Netherlands; 
and J.M.L. van Engelen, University of Groningen, The Netherlands

Organizational Factors for Implementing E-Democracy in Organizations / 
Francisco Javier Forcadell, Universidad Rey Juan Carlos, Spain

Organizational Implications of Managing the HRIS Employee Experience / 
Dino Ruta, Bocconi University, Italy

Organizational Justice in Virtual Team Settings / Maria del Carmen Triana, Texas A&M University, USA

Planning Fallacy and Utilization of Human Resources Information Systems, The / 
Siti Zubaidah Othman, The University of Western Australia, Australia

Podcasting as Mobile Learning / Kathleen P. King, Fordham University, USA

Process Standardization and Integration for Human Resource Administration / 
Bettina Staudinger, University for Health Sciences, Medical Informatics, and Technology, Austria; 
Herwig Ostermann, University for Health Sciences, Medical Informatics, and Technology, Austria; 
Roland Staudinger, University for Health Sciences, Medical Informatics, and Technology, Austria

Processes, Prospects, and Promises of Electronic Leadership / 
Michael J. Provitera, Barry University, USA

Project Management Concepts for E-HRM / Bettie C. Hall, HI Consulting, USA; 
and Nancy A. Inskeep, HI Consulting, USA

Redefining the Concept of HRIS / Evandro Bocatto, Universitat Rovira i Virgili, Spain; 
and Eloísa Pérez-de-Toledo, Universitat Rovira i Virgili, Spain

Relations between Knowledge Acquisition Forms and Sources of Power in Organization / 
Yvan Leray, Université de Bretagne Occidentale, France

Research Classification for HR Intranets, A / 
Veronique Guilloux, Université Paris 12, France; 
Michel Kalika, Université Paris, France; and Florence Laval, IAE Poitiers, France

Right Work Ethic for Human Resource Managers, The / Victor C. X. Wang, California State University, Long Beach, USA

Risks, Gaps, and Global Issues of Project Management / John Wang, Montclair State University, USA; 
Ruiliang Yan, Virginia State University, USA; Yanli Zhang, Montclair State University, USA

Role of HRIS in Crisis Response Planning, The / Amy E. Hurley-Hanson, Chapman University, USA

Role of ICT in Support of Adaptable Work Arrangements, The / 
Pamela Marie Dixon, Wayne State College, USA; and Paul M. Shelton, University of Central Oklahoma, USA
Role of Lifelong Learning in the Creation of a European Knowledge-Based Society, The / Ana Maria Ramalho Correia, Instituto Nacional de Engenharia Tecnologia e Inovação (INETI), Portugal & Universidade Nova de Lisboa, Portugal; and Anabela Mesquita, ISCAP / IPP, Portugal & Universidade do Minho, Portugal ................................................................. 775

Shared-Time Work and E-HRM in Small and Medium Sized Enterprises / Marc-André Vilette, University of Savoie, France ........................................................................................................... 784

The Sign-Meaning Chain and its Implications for the Organization / José Sanchez-Alarcos, Quasar Aviation, Spain; and Elena Revilla, Instituto de Empresa, Spain ........................................ 791

Social Capital and the Practice Lens Approach / Ray Gibney, The Pennsylvania State University at Harrisburg, USA; Thomas J. Zagenczyk, Clemson University, USA; and Marick F. Masters, University of Pittsburgh, USA ........................................................................................................ 797

Social Cognitive Trust Model / Joseph Abiodun Bello, Covenant University, Ota, Nigeria .................................................................................................................. 803

Standards for Skill Training and Development / Lichia Yiu, Centre for Socio-Eco-Nomic Development (CSEND), Switzerland; and Raymond Saner, Centre for Socio-Eco-Nomic Development (CSEND), Switzerland .......................................................... 810

Supporting Work-Family Amalgamation through E-HRM / Rebecca Nthogo Lekoko, University of Botswana, Gaborone, Botswana .......................................................................................... 817

Technology, Functionality, and Applicability of Portals in E-HRM / Stefan Strohmeier, Saarland University, Germany .................................................................................................................. 823

Telemedicine Barriers / María José Crisóstomo-Acevedo, Jerez Hospital, Spain; and José Aurelio Medina-Garrido, Cadiz University, Spain ................................................................................ 830

Theory and Application of Leadership / Krista J. Crawford-Mathis, Capella University, USA .................................................................................................................. 836

Tools and Techniques for Designing Effective Compensation Systems / Adeniji Anthonia Adenike, Covenant University, Ota, Nigeria ........................................................................... 842

Traditional Leadership in Light of E-HRMS / Victor C. X. Wang, California State University, Long Beach, USA ........................................................................................................ 849

Trans-Disciplinary Collaboration and Information Systems / José-Rodrigo Córdoba, University of Hull, UK ........................................................................................................ 855

Transferring Knowledge in a Knowledge-Based Economy / Lauren Edelstein Henry, The Pennsylvania State University, USA; and Doris Lee, The Pennsylvania State University, USA ........................................................................ 862

Transformative Learning / Kathleen P. King, Fordham University, USA .................................................................................................................. 871

Transforming Compensation Management Practices through Web-Based Enterprise Technologies / Xiaoya Liang, Fudan University, China ........................................................................................................ 877
Trust Multidimensionality / Alfonso Miguel Márquez-García, University of Jaén, Spain ......................... 883

Using Collaborative Technology in Group Facilitation / José-Rodrigo Córdoba, University of Hull, UK ...... 891

Utility Analysis of HRM Effectiveness / José M. Carretero-Gómez, University of the Balearic Islands, Spain .................................................................................................................................. 898
