Acknowledgment

This book is the result of a long and exciting process, which involved the combined effort of a number of individuals who kindly agreed to participate in the project.

The editorial team would like to thank all the chapter authors for their excellent contributions, as well as their cooperation and enthusiasm throughout this process. We hope that this publication makes you proud!

A special word of thanks goes to everyone involved in the review process. Their comprehensive and insightful reviews were invaluable to the quality of the book.

Finally, special thanks go to the staff at IGI Global who supported this publication with their excellent administrative skills, kind words of encouragement and their enthusiasm.
