Section 1
Environments for E-Collaborative Knowledge Construction

Chapter 1
Online Learning Environments, Scientific Argumentation, and 21st Century Skills ......................... 1
Douglas Clark, Vanderbilt University, USA
Victor Sampson, Florida State University, USA
Karsten Stegmann, University of Munich, Germany
Miika Marttunen, University of Jyväskylä, Finland
Ingo Kollar, University of Munich, Germany
Jeroen Janssen, Utrecht University, The Netherlands
Armin Weinberger, University of Twente, The Netherlands
Muhsin Menekse, Arizona State University, USA
Gijsbert Erkens, Utrecht University, The Netherlands
Leena Laurinen, University of Jyväskylä, Finland

Chapter 2
Negotiations of Meaning with MOODLE: Concept, Implementation and Experiences ................. 40
Marco Bettoni, Swiss Distant University of Applied Sciences, Switzerland

Chapter 3
E-Collaborative Knowledge Construction in Chat Environments.................................................. 54
Michael Oehl, Leuphana University of Lüneburg, Germany
Hans-Rüdiger Pfister, Leuphana University of Lüneburg, Germany
Section 2
Approaches in the Context of E-Collaborative Knowledge Construction

Chapter 4
Collaborative Knowledge Construction: Examples of Distributed Cognitive Processing ...................... 74
  *Michael Tscholl, University College London, UK*
  *John Dowell, University College London, UK*

Chapter 5
Contributions of E-Collaborative Knowledge Construction to Professional Learning and Expertise.......................................................................................................................... 91
  *Christian Harteis, University of Regensburg, Germany*

Chapter 6
E-Collaborative Help-Seeking Using Social Web Features....................................................................... 109
  *Silke Schworm, University of Munich, Germany*
  *Markus Heckner, Accenture Information Management Services, Germany*

Chapter 7
Computer-Supported Collaborative Scientific Conceptual Change: Effects of Collaborative Processes on Student Learning ................................................................. 124
  *Lei Liu, University of Pennsylvania, USA*
  *Cindy E. Hmelo-Silver, Rutgers University, USA*

Chapter 8
Flexible Peer-Assessment Formats to Acknowledge Individual Contributions During (Web-Based) Collaborative Learning ................................................................. 139
  *Dominique M.A. Sluijsmans, HAN University & Open University of the Netherlands, The Netherlands*
  *Jan-Willem Strijbos, Leiden University, The Netherlands*

Section 3
Support Measures

Chapter 9
How to Design Support for Collaborative E-Learning: A Framework of Relevant Dimensions ......................... 162
  *Dejana Diziol, University of Freiburg, Germany*
  *Nikol Rummel, University of Freiburg, Germany*
Chapter 10
Scripting Computer-Supported Collaborative Learning: A Review of SCORE Studies ................. 180
Päivi Häkkinen, University of Jyväskylä, Finland
Maarit Arvaja, University of Jyväskylä, Finland
Raija Hämäläinen, University of Jyväskylä, Finland
Johanna Pöysä, University of Jyväskylä, Finland

Chapter 11
Supporting Collaboration and Communication in Videoconferences........................................ 195
Manuela Pachter, Karl-Franzens-University Graz, Austria
Mareike Kreisler, Karl-Franzens-University Graz, Austria
Brigitte Maier, Karl-Franzens-University Graz, Austria

Chapter 12
Supporting Virtual Learning Through E-Tutoring................................................................. 213
Birgitta Kopp, Ludwig-Maximilians-University, Germany
Melanie Germ, Ludwig-Maximilians-University, Germany
Heinz Mandl, Ludwig-Maximilians-University, Germany

Section 4
Outlook

Chapter 13
Three Stages in the Social Construction of Virtual Learning Environments............................. 232
Ken Stevens, Memorial University of Newfoundland, Canada & Victoria University of Wellington, New Zealand

Chapter 14
Transactive Memory and Technology in Work Groups and Organizations............................. 244
Richard L. Moreland, University of Pittsburgh, USA
Kristina L. Swanenburg, University of Pittsburgh, USA
Jeffrey J. Flagg, University of Pittsburgh, USA
Joshua D. Fetterman, University of Pittsburgh, USA

Compilation of References .............................................................................................................. 275

About the Contributors ..................................................................................................................... 320
