# Table of Contents

Foreword ........................................................................................................................................... xvii

Preface ................................................................................................................................................ xix

## Section 1

**Pervasive Computing Applications in Intelligent Decision Making, Advertising and Emotions Expression**

**Chapter 1**
Attention and Pervasive Computing: A Case Study of Online Advertising ............................................ 1

*Jarmo Kuisma, Helsinki School of Economics HSE, Finland*
*Jaana Simola, Helsinki School of Economics HSE, Finland*
*Anssi Öörni, Helsinki School of Economics HSE, Finland*

**Chapter 2**
The Feature Extraction Algorithm for the Production of Emotions in Text-to-Speech (TTS) System for an Indian Regional Language .......................................................................................................... 17

*Jagadish S Kallimani, M S Ramaiah Institute of Technology, India*
*V K Ananthashayana, M S Ramaiah Institute of Technology, India*
*Debjani Goswami, IBM Technologies, India*

## Section 2

**Pervasive Computing Enabled Manufacturing and Re-Engineering**

**Chapter 3**
Lean Manufacturing Scenario and Role of Pervasive Computing in Indian SMEs ............................. 31

*Deepak Tripathi, Ministry of Railways, India*

**Chapter 4**
RMS: A New Linkage with Pervasive Computing ............................................................................... 52

*Vasdev Malhotra, Y.M.C.A. Institute of Engineering, India*
*Tilak Raj, Y.M.C.A. Institute of Engineering, India*
*Ashok Kumar, Y.M.C.A. Institute of Engineering, India*
Section 3
Pervasive Computing in Quality Control

Chapter 5
A Quality Assurance System in a Pervasive Computing Environment ................................................ 61
Amitava Mitra, Auburn University, USA

Chapter 6
The Role of Computer-Mediated Communication Modes in Enhancing Audit Quality:
An Empirical Study....................................................................................................................................... 77
Mohamed Hegazy, American University in Cairo, Egypt
Rasha Hamdy, Principal Bank of Development and Agricultural Credit, Egypt

Chapter 7
Evaluating the Dimensions of Web-Based Software System Service Quality:
An Empirical Study....................................................................................................................................... 94
Ülkü Şişik, Hacettepe University, Turkey
Leyla Özer, Hacettepe University, Turkey
Muhammet Mustafa Cerit, Banking Regulation and Supervision Agency, Turkey

Section 4
Pervasive Computing and Human Resource Management

Chapter 8
The Human Factor in Quality: Examining the ISO 9000 and Business Excellence Frameworks
in Selected Greek Organizations............................................................................................................. 113
Fotis Vouzas, University of Macedonia, Greece

Chapter 9
Speed of Technology Adaptation in Connection to Organizational Change and Ownership
Concentration: Study in Croatia.................................................................................................................. 130
Lovorka Galetic, University of Zagreb, Croatia
Najla Podrug, University of Zagreb, Croatia
Domagoj Hruska, University of Zagreb, Croatia

Chapter 10
Strategic Human Resource Management & Organizational Performance............................................. 150
P.C. Bahuguna, University of Petroleum & Energy Studies, India
P. Kumari, Kanya Gurukul Mahavidyalaya, India
Section 5
Pervasive Computing and Financial Systems

Chapter 11
Automatic Trading System Design ................................................................. 166
Petr Tucnik, University of Hradec Kralove, Czech Republic

Chapter 12
Pervasive Computing, Firm Characteristics, and Environmental Factors Conducive to the
Adoption of Activity-Based Costing: Evidence from Bahrain .......................... 184
Sayel Ramadhan, Ahlia University, Kingdom of Bahrain

Chapter 13
The Effects of Innovative Instruments to Market Participants and the Financial System:
The Particular Role of Information Technologies............................................. 204
Demetres N. Subeniotis, University of Macedonia, Greece
Ioannis A. Tampakoudis, University of Macedonia, Greece

Chapter 14
Bivariate Causality between FDI Inflows and Economic Growth in India Since 1990........ 221
Behrooz Shahmoradi, University of Mysore, India
Enayatallah Najibzadehr, University of Mysore, India

Chapter 15
Regional and Sectoral Disparities in Inflow of FDI in India: An Empirical Analysis.......... 234
Behrooz Shahmoradi, University of Mysore, India

Compilation of References .............................................................................. 247

About the Contributors .................................................................................... 284
