Acknowledgment

The authors wish to express their sincere thanks and appreciation for all people who participated in the development and evaluation of the work in this book. The authors are especially grateful to IGI Global publishing and their representatives for administering and monitoring the manuscript and for exercising such care and skill to see the work through to publication.

Authors would also like to thank Mike Killian for communicating, correcting errors and the careful reading of various materials during the process of developing the book. Thanks also go to Miss Suhad Sameer for her reading and administering the material in this book and for communicating with various parties during the process of finalization of the materials covered by the book.
