Acknowledgment

We are very grateful to the authors who deserve our heartfelt thanks for their contribution, patience, and cooperation throughout the long and complex process of compiling this book. We would also like to acknowledge our deepest appreciation to the reviewers for their time, effort and valuable comments. Their contribution was an essential ingredient necessary to improving the content and presentation of the book’s chapters. A special note of thanks to the staff at IGI Global who provided the necessary process, templates, reminders, and project management of the entire process from our first proposal to this final publication. In particular we wish to express our thanks to Julia Mosemann, as well as all other editors and IGI staff who participate in managing the publication of this book.

Finally, we dedicate this book to Jin’s mother Yijia Zhao and to his son Getai Chen and to Latif’s five grandchildren; Sahra, Mustafa, Ibrahim, Yasamin and Ali.
