Foreword ........................................................................................................................................... xv
Preface ................................................................................................................................................ xvi
Acknowledgment ................................................................................................................................ xxii

Section 1
Introduction

Chapter 1
Understanding Transformative Learning in Online Education.............................................................. 1
  T. Volkan Yuzer, Anadolu University, Turkey
  Gulsun Kurubacak, Anadolu University, Turkey

Section 2
Communicational Relationships with Others

Chapter 2
Cross-Cultural Transformative Learning: Three Case Studies of Sino-American Distance Learning Communities ............................................................................................................. 14
  Charles Townley, New Mexico State University, USA
  Dana Christman, New Mexico State University, USA
  Barbara Coppola, Coppola & Associates, USA & Lesley University, USA
  Qian Geng, Beijing Normal University, PRC
  Jiayong Li, Beijing Normal University, PRC

Chapter 3
Constructing Transformative Learning Communities in 3D Immersive Learning Environments ....... 34
  Barbara Howard, Appalachian State University, USA
  Robert Sanders, Appalachian State University, USA
  Terry McClannon, Appalachian State University, USA
Chapter 4
A Tale of Two Courses: A Case Study of Transition from a Traditional to an Online Course .......... 48
  Melanie Shaw, Northcentral University, USA
  John Bracke, Eden Theological Seminary, USA
  Kelley Walters, Northcentral University, USA
  David Long, University of Florida, USA

Chapter 5
Meta Communication Concept and Knowledge Building Process in Distance Education: From Point of Meta Cognitive Structural Collaborated Model ......................................................... 65
  Ugur Demiray, Anadolu University, Turkey

Section 3
Being in the Cyber World

Chapter 6
Learning Outcomes in Online Graduate Education Courses ........................................................ 89
  Greg Kearsley, University of New England, USA

Chapter 7
Acting and Interacting: Teacher Narratives and the Building of Global Community ...................... 97
  Jane Spiro, Oxford Brookes University, UK

Chapter 8
E-Learning and Teaching: The Need for Clear Pedagogy .............................................................. 111
  Amani Hamdan, Prince Mohamad Bin Fahd University, Saudi Arabia

Chapter 9
Change or Transformation? ............................................................................................................. 127
  Liz Browne, Oxford Brookes University, UK

Section 4
Pace and Rhythm

Chapter 10
Breakthroughs, Breakdowns, and Some Productive Pedagogical Paradoxes of Virtual Learning..... 142
  Vachel Miller, Appalachian State University, USA
  Kelly Clark-Keefe, Appalachian State University, USA

Chapter 11
Socio-Cultural Dimensions of E-Learning Systems ......................................................................... 154
  Blessing Foluso Adeoye, University of Lagos, Nigeria
  Adesoji Oni, University of Lagos, Nigeria
Chapter 12
Turbulence and Transformation: One Professor’s Journey into Online Learning ........................................ 166
   Frederick C. Buskey, Western Carolina University, USA

Section 5
Visual Literacy

Chapter 13
Visual Literacy and its Impact on Teaching and Learning ................................................................. 185
   Kim H. Song, University of Missouri-St. Louis, USA
   Gwendolyn Y. Turner, University of Missouri-St. Louis, USA

Chapter 14
Aesthetic Decisions of Instructors and Instructional Designers ......................................................... 201
   Patrick Parrish, University Corporation for Atmospheric Research, USA

Section 6
Sense of Possibilities for Interactions

Chapter 15
How Online Tasks Promote Teachers’ Expertise within the Technological Pedagogical Content Knowledge (TPACK) ................................................................. 219
   Aviva Klieger, Beit Berl Academic College, Israel
   Anat Oster-Levinz, Beit Berl Academic College, Israel

Chapter 16
Promoting High-Order Thinking in Online Discussions ................................................................. 236
   Anne Scott, ACU National, Australia

Chapter 17
Contemplative Interaction: A Key to Transformative Learning Online .............................................. 260
   David Sable, Saint Mary’s University in Halifax, Canada

Section 7
Understanding of Locations

Chapter 18
Transformative Learning and Online Education: Indian Experiences .............................................. 282
   Suresh Garg, National University of Lesotho, Lesotho
   Ramesh C. Sharma, University of Guyana, South America
Chapter 19
Teaching Transformative Learning and Digital/Online Education: From Theory to Practice in a Second and Foreign Language Education Context

Jason Goulah, DePaul University, USA

301

Section 8
Identity Awareness

Chapter 20
Identity Awareness

O. F. Adebowale, Obafemi Awolowo University, Nigeria

316

Chapter 21
Identity: Introspection and Integrity

Radha M. Parikh, Dhirubhai Ambani Institute of Information & Communication Technology (DAIICT), India

331

Section 9
E-Health and Online Transformative Learning

Chapter 22
An Elusive Formula: The IT Role in Behavior Change in Public Health

Shalin Hai-Jew, Kansas State University, USA

347

Chapter 23
Applicability of Transformative Learning Theory in E-Health Teaching

Sisira Edirippulige, University of Queensland, Australia
Rohana Marasinghe, University of Sri Jayewardenepura, Sri Lanka

374
