Table of Contents

Foreword ..................................................................................................................................................... xx

Preface .......................................................................................................................................................... xxii

Section 1
Interoperable E-Assessment Applications

Chapter 1
Support Interoperability and Reusability of Emerging Forms of Assessment Using IMS LD and IMS QTI
Yongwu Miao, Open University of the Netherlands, The Netherlands
Jo Boon, Open University of the Netherlands, The Netherlands
Marcel van der Klink, Open University of the Netherlands, The Netherlands
Peter Sloep, Open University of the Netherlands, The Netherlands
Rob Koper, Open University of the Netherlands, The Netherlands

Chapter 2
Interoperable Assessment Based on Competency Modelling
Onjira Sitthisak, Thaksin University, Thailand
Lester Gilbert, University of Southampton, UK

Chapter 3
Implementing Distributed Architecture of Online Assessment Tools Based on IMS QTI Ver.2
Vladimir Tomberg, Tallinn University, Estonia
Mart Laanpere, Tallinn University, Estonia

Chapter 4
QTI: A Failed E-Learning Standard?
Michael Piotrowski, ZHAW Zurich University of Applied Sciences, Switzerland
Chapter 5
Interoperability Issues for Systems Managing Competency Information: A Preliminary Study

Bernard Blandin, Université Paris Ouest and CESI Group, France
Geoffrey Frank, RTI International, USA
Simone Laughton, University of Toronto Mississauga Library, Canada
Kenji Hirata, Toyo University, Japan

Section 2
Personalization, Interoperability and E-Learning Standards

Chapter 6
Do Current Standards Support Adaptive Sequencing Interoperability?

Sergio Gutiérrez-Santos, University of London, UK

Chapter 7
A Standard-Based Framework to Support Personalisation, Adaptation, and Interoperability in Inclusive Learning Scenarios

O.C. Santos, The National Distance Education University of Spain (UNED), Spain
J.G. Boticario, The National Distance Education University of Spain (UNED), Spain
E. Raffenne, The National Distance Education University of Spain (UNED), Spain
J. Granado, The National Distance Education University of Spain (UNED), Spain
A. Rodriguez-Ascaso, The National Distance Education University of Spain (UNED), Spain
E. Gutierrez y Restrepo, The National Distance Education University of Spain (UNED), Spain

Chapter 8
E-Learning Standards: Beyond Technical Standards to Guides for Professional Practice

Stephen Marshall, Victoria University of Wellington, New Zealand

Chapter 9
Interoperability, Learning Designs and Virtual Worlds: Issues and Strategies

Helen Farley, University of Queensland, Australia

Chapter 10
Specification of an Adaptable and Inclusive E-Learning Support System

Steve Green, Teesside University, UK

Chapter 11
Building a Framework for an English Language Course in an LMS with SCORM Compliant Learning Objects and Activities

Francisco Arcos, University of Alicante, Spain
Pablo Ortega, University of Alicante, Spain
Section 3
Metadata, Learning Objects, Ontologies and Semantic Web

Chapter 12
Enhancing Digital Repositories with Learning Object Metadata ..................................................... 246
Andreas D. Alexopoulos, University of Patras, Greece
Georgia D. Solomou, University of Patras, Greece
Dimitrios A. Koutsomitropoulos, University of Patras, Greece
Theodore S. Papatheodorou, University of Patras, Greece

Chapter 13
A Common Sense Approach to Interoperability ................................................................. 264
Kate Taylor, Newnham College, UK

Chapter 14
Localising E-Learning Websites in the Semantic Web Era......................................................... 284
Dimitris N. Kanellopoulos, University of Patras, Greece

Chapter 15
Interoperability: Standards for Learning Objects in Science Education......................................... 300
Marta R. Ariza, University of Jaén, Spain
Antonio Quesada, University of Jaén, Spain

Chapter 16
Semantic Mapping between LOM – SCORM Content Package and MPEG-7 Concepts......................... 321
Varvara Vagiati, Ionian University, Greece

Section 4
Approaches and Issues in Interoperable Applications

Chapter 17
Open Educational Resources in E-Learning: Standards and Environment ........................................ 346
Ricardo J. Rejas-Muslera, Universidad de Alcalá, Spain
Alvaro J. García-Tejedor, Universidad Francisco de Vitoria, Spain
Olga Peñalba Rodriguez, Universidad Francisco de Vitoria, Spain

Chapter 18
Interoperability of Web-Based Education Systems ........................................................................ 360
Natalia I. Hughson, University of Advancing Technology, USA

Chapter 19
Diagnostic and Formative E-Assessment in Engineering on a Moodle-Based VLE ............................ 378
M. C. Mora-Aguilar, Universitat Jaume I, Spain
J. L. Sancho-Brú, Universitat Jaume I, Spain
Chapter 20
Interoperability Approach in E-Learning Standardization Processes ........................................... 399
Carmen Bao, La Rioja University, Spain
José Maria Castresana, Basque Country University (UPV/EHU), Spain

Section 5
Quality and Pedagogy in Learning Technology

Chapter 21
E-Learning: Psycho-Pedagogical Utility, Usability and Accessibility Criteria from a Learner Centred Perspective ........................................................................................................ 419
Marta Fuentes Agustí, Universitat Autònoma de Barcelona, Spain
Margarida Romero Velasco, Universitat Autònoma de Barcelona, Spain
María José Hernández Serrano, Universidad de Salamanca, Spain

Chapter 22
Satisfaction Measurement in Education .......................................................................................... 435
Lilyana Nacheva-Skopalik, Technical University of Gabrovo, Bulgaria

Chapter 23
Quality E-Learning Guidelines and Their Implementation .......................................................... 467
John Milne, Massey University, New Zealand
Gordon Suddaby, Massey University, New Zealand

Chapter 24
Online Delivery of Deaf Studies Curricula in Ireland at Third Level ......................................... 482
Brian Nolan, Institute of Technology, Ireland
Lorraine Leeson, Trinity College Dublin, Ireland

Chapter 25
Learner Management Systems and Environments, Implications for Pedagogy and Applications to Resource Poor Environments ........................................................................... 499
Olúgbémiga T. Ekúndayò, Jackson State University, USA
Francis Tuluri, Jackson State University, USA

Compilation of References ........................................................................................................ 526
