Acknowledgment

We are grateful to the many individuals whose assistance and contributions to the development of this scholarly book either made this book possible or helped to improve its academic robustness and real-world applications.

First, we would like to thank the chapter reviewers for their invaluable comments. They helped to ensure the intellectual value of this book. We would also like to express our sincere gratitude to our chapter authors for their excellent contributions and willingness to consider further changes once the chapter reviews were received.

Special thanks are due to the publishing team of IGI Global and, in particular, to our Managing Development Editor, Mr. Joel A. Gamon. A special word of thanks also goes to Ms. Jamie Snavely, Production Senior Managing Editor.
