Table of Contents

Foreword ........................................................................................................................................... xii

Preface ................................................................................................................................................ xiii

Acknowledgment ................................................................................................................................ xv

Section 1
Fundamental Research Concepts and Methodology

Chapter 1
Qualitative Case Study Research Approach: Empirically Unveiling the Pitfalls ......................... 1
   Tiko Iyamu, Tshwane University of Technology, South Africa

Section 2
Web Services and Technologies

Chapter 2
Towards a Customer Centric E-Government Application: The Case of E-Filing in Malaysia........ 15
   Santhanamery Thominathan, Universiti Teknologi MARA Malaysia, Malaysia
   Ramayah Thurasamy, Universiti Sains Malaysia, Malaysia

Chapter 3
Web Services for Bioinformatics ..................................................................................................... 28
   Abad Shah, University of Engineering and Technology, Pakistan
   Zafar Singhera, Oracle Corporation, USA
   Syed Ahsan, University of Engineering and Technology, Pakistan

Chapter 4
Critical Issues in Evaluating Education Technology ..................................................................... 47
   Nafisat Afolake Adedokun-Shittu, International Islamic University, Malaysia
   Abdul Jaleel Kehinde Shittu, University Utara, Malaysia
Chapter 5
ICT and Web 2.0 Technologies as a Determinant of Business Performance
Tanja Arh, Jožef Stefan Institute, Slovenia
Vlado Dimovski, University of Ljubljana, Slovenia
Borka Jerman Blažič, Jožef Stefan Institute, Slovenia

Chapter 6
M-Government: Challenges and Key Success Factors – Saudi Arabia Case Study
Mubarak S. Al-Mutairi, King Fahd University of Petroleum & Minerals, Saudi Arabia

Chapter 7
Processing Change Instigated by Immersed New Media Usage and its Implications for School-Based and Informal Learning
Ġorġ Mallia, University of Malta, Malta

Section 3
Information Technology Outsourcing

Chapter 8
Information Technology Outsourcing Cost and Policy in Developing Countries: A Case Study of Malaysia
Abdul Jaleel Kehinde Shittu, University Utara, Malaysia
Nafisat Afolake Adedokun-Shittu, International Islamic University, Malaysia

Chapter 9
Key Health Information Systems Outsourcing Issues from Six Hospital Cases
Chad Lin, Curtin University, Australia
Yu-An Huang, National Chi Nan University, Taiwan
Chien-Fa Li, Puli Veterans Hospital, Taiwan
Geoffrey Jalleh, Curtin University, Australia

Section 4
Security Issues

Chapter 10
Graphs in Biometrics
Dakshina Ranjan Kisku, Dr. B. C. Roy Engineering College, India
Phalguni Gupta, Indian Institute of Technology Kanpur, India
Jamuna Kanta Sing, Jadavpur University, India
Chapter 11
Biometric Identity Based Encryption: Security, Efficiency and Implementation Challenges .......... 181
Neyire Deniz Sarier, Bonn-Aachen International Center for Information Technology, Germany

Chapter 12
Spam Detection Approaches with Case Study Implementation on Spam Corpora ......................... 194
Biju Issac, Swinburne University of Technology (Sarawak Campus), Malaysia

Chapter 13
On The Design of Secure ATM System .......................................................................................... 213
Lawan Ahmed Mohammed, King Fahd University of Petroleum & Minerals, Saudi Arabia

Chapter 14
Network Security through Wireless Location Systems ................................................................. 234
André Peres, Federal Institute of Science and Technology – Rio Grande do Sul, IFRS, Brazil
Raul Fernando Weber, Instituto de Informática, UFRGS, Brazil

Section 5
Other Application Areas

Chapter 15
EDFA and EDFL Review ............................................................................................................... 253
Belloui Bouzid, Hafer Al-batin Community College & King Fahd University
of Petroleum & Minerals, Saudi Arabia

Chapter 16
A User-Friendly Application-Based Design Aid Tool for Power Electronics Converters .......... 267
Omrane Bouketir, King Fahd University of Petroleum & Minerals, Saudi Arabia

Compilation of References ............................................................................................................ 291

About the Contributors .................................................................................................................. 320
