Acknowledgment

We encountered many challenges and had to make sacrifices in the development of this book. I would like to thank my lovely wife for her wholehearted and unconditional support, encouragement, and sincere advice not only throughout this project but in each and every aspect of my personal and professional life. I humbly dedicate all the efforts I put into this book to her. Thank you, Alika.

I would like to thank my colleagues and friends who have supported me in my academic endeavors, and particularly those who contributed to this book. Their assistance and advice have been very valuable. I am thankful to my parents who taught me the value of education. Special thanks are due to my wife Selene, whose endless understanding and support have been profound throughout the difficult times. Without her love and encouragement I am sure that I would not have been able to achieve so much. I also dedicate this book to my son, Miguel Alejandro, for filling my life with joy.

I would like to thank the many people who have helped me grow professionally. I would also like to acknowledge Stephanie Wilcox and Robert Edwards, two people who are very special to me. However, I would like to especially acknowledge my wife, Marilu, and my children, Elisa and David, who have been so patient with me during the edition of this book.
