Table of Contents

Foreword ........................................................................................................................................xxii

Preface .........................................................................................................................................xxviii

Acknowledgment ............................................................................................................................xxx

Section 1

Chapter 1
A Healing Journey with a Thousand Echoes ................................................................. 1
   Joan W. Young, Independent Researcher, USA

Chapter 2
Hematology: The River Within......................................................................................... 16
   Anirban Chaudhuri, Consultant Physician, India
   Joan Young, Platelet Disorder Support Association, USA
   Carmel M. Martin, Trinity College Dublin, Ireland
   Joachim Sturmberg, Monash University and The University of Newcastle, Australia
   Rakesh Biswas, People’s College of Medicine, India

Chapter 3
Stomodeum to Proctodeum: Email Narratives on Clinical Problem Solving in Gastroenterology ....34
   Paramartha Bhattacharya, Consultant Physician, India
   Amar Puri Asanga, Yoga consultant, Nepal
   Rakesh Biswas, People’s College of Medicine, India

Chapter 4
Physician and Patient Perspectives: Autistic Spectrum Disorders....................................54
   Paul Bradley, Hertfordshire Partnership NHS Foundation Trust, UK
   Peter Griffin, Teacher in Further Education, UK
   Ann Griffin, Caregiver and Mother, UK
   Kamalika Mukherj, Hertfordshire Partnership NHS Foundation Trust, UK
Chapter 5
Critical Illness and the Emergency Room
R. K. Goyal, NY Presbyterian Hospital, USA
M. O’Neill, NY Presbyterian Hospital, USA
N. Agostinelli, NY Presbyterian Hospital, USA
P. Wyer, Columbia University, USA

Chapter 6
Patient Journey Record Systems (PaJR): The Development of a Conceptual Framework
for a Patient Journey System
Carmel M. Martin, Trinity College Dublin, Ireland
Rakesh Biswas, People’s College of Medical Sciences, India
Ankur Joshi, People’s College of Medical Sciences, India
Joachim Sturmberg, Monash University and The University of Newcastle, Australia

Chapter 7
Patient Journey Record Systems (PaJR) for Preventing Ambulatory Care Sensitive Conditions: A Developmental Framework
Carmel M. Martin, Trinity College Dublin, Ireland
Rakesh Biswas, People’s College of Medical Sciences, India
Joachim Sturmberg, Monash University and The University of Newcastle, Australia
David Topps, Northern Ontario School of Medicine, Canada
Rachel Ellaway, Northern Ontario School of Medicine, Canada
Kevin Smith, National Digital Research Centre, Ireland

Chapter 8
Multiple Paths in Health Care
Susan D. Ross, Consultant Internal Medicine, USA

Chapter 9
Medical Student Perspectives: Journey through Different Worlds
Binod Dhakal, Medical College of Wisconsin, USA
Susan D. Ross, Consultant on Internal Medicine, USA

Chapter 10
Stories of Illness and Healthcare from a Physician Perspective
J. Huw C. Morgan, Consultant in International Medical Education, UK

Chapter 11
Lived Experiences in Cardiothoracic Surgery: A Personal View
Anjan Kumar Das, Stempeutics Research Malaysia, Malaysia

Chapter 12
Smaller Heroes I Didn’t See
Brendan O’Shea, Trinity College Dublin, Ireland
Chapter 13
Practical Pointers in Medicine Over Seven Decades: Reflections of an Individual Physician........... 173
Richard James, Davidson, USA

Chapter 14
Learning Medicine: A Personal View .................................................................................................. 184
B. M. Hegde, Manipal University, India

Chapter 15
Descriptive Statistics with a Purpose.................................................................................................. 191
Ronan Conroy, Royal College of Surgeons, Ireland

Chapter 16
Medical Humanities ............................................................................................................................... 210
P. Ravi Shankar, KIST Medical College, Nepal

Section 2

Chapter 17
The User Driven Learning Environment ............................................................................................. 229
Rakesh Biswas, People's College of Medical Sciences, India
Joachim Sturmberg, Monash University and The University of Newcastle, Australia
Carmel M. Martin, Trinity College Dublin, Ireland

Chapter 18
User Driven Learning in Mathematics.................................................................................................. 242
Monica Kochar, Pathways World School, India

Chapter 19
A User Driven Learning Environment in Botany ................................................................................. 255
J. M. Garg, Independent Researcher, India
Dinesh Valke, Independent Researcher, India
Max Overton, Independent Researcher, Australia

Chapter 20
Online Learning in Discussion Groups: A Sense Making Approach.................................................... 276
David J. Schaefer, Franciscan University of Steubenville, USA
Brenda Dervin, The Ohio State University, USA

Chapter 21
Unlearning and Relearning in Online Health Education ....................................................................... 294
Suptendra Nath Sarbadhikari, CAL2CAL Institute, India
Chapter 22
Developing Community Ontologies in User Driven Healthcare

Jane Fitzpatrick, University of the West of England, UK
Willie Ako, University of Bristol, UK

Chapter 23
Psychiatric Illness and Personal Narrative: Implications for Social Networking in the Information Age

Edward Kim, Robert Wood Johnson Medical School, USA

Chapter 24
The Gap between What is Knowable and What We Do in Clinical Practice

Maartje H.J. Swennen, University Medical Centre Utrecht, The Netherlands

Chapter 25
Healthcare Narratives and Self-Care Stories: Developing a User-Driven Taxonomy for Adults with Cystic Fibrosis

Daz Greenop, Liverpool John Moores University, UK
Sheila Glenn, Liverpool John Moores University, UK
Martin Walshaw, Liverpool Heart and Chest Hospital NHS Trust, UK
Martin Ledson, Liverpool Heart and Chest Hospital NHS Trust, UK

Chapter 26
Patients with a Spinal Cord Injury Inform and Co-Construct Services at a Spinal Cord Rehabilitation Unit

Susan Sliedrecht, Auckland Spinal Rehabilitation Unit, New Zealand
Elmarie Kotzé, University of Waikato, New Zealand

Chapter 27
Social Construction of Chronic Disease: Narratives on the Experience of Chronic Illness

Chris Peterson, La Trobe University, Australia
Evan Willis, La Trobe University, Australia

Chapter 28
Dimensions of the Patient Journey: Charting and Sharing the Patient Journey with Long Term User-Driven Support Systems

Kresten Bjerg, University of Copenhagen, Denmark

Chapter 29
Integrating Medical Education with Medical Practice: Role of Web 2.0 Tools

Arindam Basu, University of Canterbury, New Zealand
Billy O’ Steen, University of Canterbury, New Zealand
Mary Allan, University of Canterbury, New Zealand
Chapter 30
Ubiquitous Information Therapy Service through Social Networking Libraries:
An Operational Web 2.0 Service Model ................................................................. 446
Vahideh Zarea Gavgani, Tabriz University of Medical Science, Iran

Chapter 31
Bridging Online and Offline Social Networks to Promote Health Innovation:
The CoNEKTR Model.......................................................................................... 462
Cameron D. Norman, University of Toronto, Canada

Chapter 32
Emerging Trends in User-Driven Healthcare: Negotiating Disclosure in Online
Health Community Organizations ........................................................................ 481
Handan Vicdan, Eastern Kentucky University, USA

Chapter 33
Global Health Google .......................................................................................... 499
Ronald LaPorte, University of Pittsburgh, USA
Faina Linkov, University of Pittsburgh, USA
Eugene Shubnikov, University of Pittsburgh, USA & Institute of Internal Medicine, Russia
Mita Lovalekar, University of Pittsburgh, USA
Ayesha Aziz, University of Pittsburgh, USA
Francois Sauer, University of Pittsburgh, USA
Supercourse Team, University of Pittsburgh, USA

Chapter 34
Testing the Waters: Participant Focus Testing of Well-Being Indicators for the
Development of an Inuit Health Statistics Directory ........................................... 507
Tom Axtell, National Aboriginal Health Organization, Canada
Cassandra Chaulk, Nunatsiavut Health & Social Development, Canada
Dianne Kinnon, National Aboriginal Health Organization, Canada
Carmel M. Martin, Trinity College Dublin, Ireland
Michele Wood, Nunatsiavut Health & Social Development, Canada

Afterword
User-Driven Health Care: A Means to Achieve True Health Systems Reform? ............. 526
Joachim Sturmberg, Monash University and The University of Newcastle, Australia

Compilation of References .................................................................................. 537

About the Contributors ......................................................................................... 587
