Preface ............................................................................................................................................... xxxvii

## Section I

CMC Approaches to Education and Instruction

### Volume I

#### Chapter I
The Untapped Learning Potential of CMC in Higher Education ....................................................... 1
  *Cheryl Amundsen, Simon Fraser University, Canada*
  *Elahe Sohbat, Simon Fraser University, Canada*

#### Chapter II
Affective Collaborative Instruction with Librarians .............................................................................. 15
  *Lesley S. J. Farmer, California State University, USA*

#### Chapter III
Preparing Participants for Computer Mediated Communication ......................................................... 25

#### Chapter IV
Learning and Teaching with CMC in the U.S. Higher Education Arena .............................................. 34
  *Allison V. Level, Colorado State University, USA*
  *Amy E. Hoseth, Colorado State University, USA*

#### Chapter V
Human Computer Interaction and the Best Mixes of Face-to-Face E-Interactions in Educational Settings.......................................................... 49
  *Bolanle A. Olaniran, Texas Tech University, USA*
Chapter VI
Higher Education’s Use of Course Management Software .......................................................... 62
Apryl C. Price, Texas A&M University, USA

Chapter VII
Computer Mediated Learning: Applying Burke’s Pentad .......................................................... 73
Alison Ruth, Griffith University, Australia

Chapter VIII
Emergent Networks in Computer-Supported Groups ................................................................. 87
Michael A. Stefanone, State University of New York at Buffalo, USA

Chapter IX
CMC and E-Mentoring in Midwifery .......................................................................................... 103
Sarah Stewart, University of Queensland, Australia

Chapter X
Stay Tuned for Podcast U and the Data on M-Learning ............................................................ 114
Deborah Vess, Georgia College & State University, USA
Michael Gass, Georgia College & State University, USA

Chapter XI
Computer Mediated Communication and Multimodal Instruction in Higher Education ........ 128
J. Patrick Williams, College of Staten Island City University of New York, USA
Hsin-Liang Chen, University of Missouri at Columbia, USA

Chapter XII
Millennium Leadership Inc.: A Case Study of Computer and Internet-Based Communication
in a Simulated Organization ........................................................................................................ 146
Stacey L. Connaughton, Rutgers University, USA
Brent D. Ruben, Rutgers University, USA

Chapter XIII
Higher Order Thinking in Online Courses .................................................................................. 167
Kit Hang Leung, McGill University, Canada

Section II
Credibility and Identity in Cyberspace

Chapter XIV
Shifting Trends in Evaluating the Credibility of CMC ............................................................... 185
Shawn Apostel, Michigan Technological University, USA
Moe Folk, Michigan Technological University, USA
Chapter XV
Teaching Credibility of Sources in an Age of CMC ................................................................. 196
  Erin Bower, Sonoma State University, USA
  Karen Brodsky, Sonoma State University, USA

Chapter XVI
Composing Identity in Online Instructional Contexts ............................................................ 207
  Kevin Eric DePew, Old Dominion University, USA

Chapter XVII
Computer Mediated Negotiations and Deception ................................................................. 220
  Gabriel A. Giordano, University of Navarra, Spain
  Jason Stoner, Ohio University, USA
  Robyn L. Brouer, Hofstra University, USA
  Joey F. George, Florida State University, USA

Chapter XVIII
CMC and the Nature of Human/Machine Interface ............................................................... 230
  Gerald S. Greenburg, Ohio State University, USA

Chapter XIX
Building Identity through Online Collaboration................................................................. 240
  Janice M. Krueger, Clarion University of Pennsylvania, USA

Chapter XX
Reviewer Motivations, Bias, and Credibility in Online Reviews.......................................... 252
  Jo Mackiewicz, Auburn University, USA

Chapter XXI
The Psychology of Personal Web Sites ................................................................................ 267
  Karl-Heinz Renner, Otto-Friedrich University of Bamberg, Germany
  Astrid Schütz, Chemnitz University of Technology, Germany

Chapter XXII
Persuasive Design ................................................................................................................. 283
  Per F. V. Hasle, Aalborg University, Denmark
  Anne-Kathrine Kjaer Christensen, Aalborg University, Denmark

Chapter XXIII
Deceptive Communication in E-Collaboration ..................................................................... 297
  Joey F. George, Florida State University, USA
  Kent Marett, Washington State University, USA
Section III
CMC, Community, and Information Exchange

Chapter XXIV
Multitasking CMC to Study Connected Organizations ......................................................... 309
   J. Patrick Biddix, Valdosta State University, USA

Chapter XXV
Sense of Virtual Community ................................................................................................. 325
   Anita Blanchard, University of North Carolina, USA

Chapter XXVI
Towards a Communication-Based Approach to Cyber-Bullying ........................................... 339
   Artemio Ramirez, Jr., The Ohio State University, USA
   Matthew S. Eastin, The University of Texas at Austin, USA
   Jennifer Chakroff, Lasell College, USA
   Vincent Cicchirillo, The Ohio State University, USA

Chapter XXVII
Publishing an Internet E-Zine ................................................................................................. 353
   Joe E. Burns, Southeastern Louisiana University, USA
   Dianna Laurent, Southeastern Louisiana University, USA

Chapter XXVIII
Communicating Electronically When Too Far Away to Visit ............................................... 365
   Zeynep Cemalcilar, Koc University, Turkey

Chapter XXIX
WebCom: A Model for Understanding Web Site Communication ......................................... 379
   Mikkel Godsk, University of Aarhus, Denmark
   Anja Bechmann Petersen, University of Aarhus, Denmark

Chapter XXX
Virtual Collaboration in Immersive and Non-Immersive Virtual Environments ................... 401
   Rosanna E. Guadagno, The University of Alabama, USA
   Katrin Allmendinger, Fraunhofer Institute for Industrial Engineering, Germany

Chapter XXXI
P2P File Sharing–The Life and Death of Gnutella ................................................................. 411
   Danny Hughes, Lancaster University, UK
   James Walkerdine, Lancaster University, UK

Chapter XXXII
Knowledge Communication with Shared Databases............................................................... 424
   Joachim Kimmerle, University of Tuebingen, Germany
   Ulrike Cress, Knowledge Media Research Center, Germany
Chapter XXXIII
Terminological Obfuscation in Online Research .......................................................... 436
Patricia G. Lange, University of Southern California, USA

Chapter XXXIV
Discourse and Network Analyses of Learning Conversations ........................................ 451
H. L. Lim, The Petroleum Institute, UAE
Fay Sudweeks, Murdoch University, Australia

Chapter XXXV
Social Influence and Computer Mediated Communications ........................................... 477
Bradley M. Okdie, The University of Alabama, USA
Rosanna E Guadagno, The University of Alabama, USA

Chapter XXXVI
Divergent News Media in Computer Mediated News Communication ....................... 492
Michaël Opgenhaffen, Lessius University College, Belgium

Volume II

Chapter XXXVII
Computer Mediated Collaboration .................................................................................... 508
Barrie Jo Price, The University of Alabama, USA

Chapter XXXVIII
Accessible Design for Communication on the Web ......................................................... 527
David Robins, Kent State University, USA

Chapter XXXIX
An Analysis of a Decade of Research Published in The Journal of Computer-Mediated Communication .................................................................................................................. 541
Jamie S. Switzer, Colorado State University, USA

Chapter XL
The Use of Story In Building Online Group Relationships ............................................. 551
Stephen Thorpe, Auckland University of Technology, New Zealand

Chapter XLI
Form and Function of Metacommunication in CMC ...................................................... 570
Mirjam Weder, University of Basel, Switzerland

Chapter XLII
Digital Storytelling from Artificial Intelligence to You Tube .......................................... 587
Julie D. Woletz, Johann Wolfgang Goethe University, Germany
Chapter XLIII
CMC for the Enhancement of Psychotherapy ................................................................. 602
Markus Wolf, University Hospital Heidelberg, Germany
Stephanie Bauer, University Hospital Heidelberg, Germany

Chapter XLIV
Moderating Discussion Groups Using Computer Mediated Communication ................ 619
Mauri P. Collins, University of Nevada Las Vegas, USA
Zane L. Berge, University of Maryland, Baltimore County, USA

Chapter XLV
Locating Presence and Positions in Online Focus Group Text with Stance-Shift Analysis .......... 634
Boyd Davis, University of North Carolina–Charlotte, USA
Peyton Mason, Linguistics Insights, Inc., USA

Chapter XLVI
The Impact of Personality on Virtual Team Creativity and Quality .............................. 647
Rosalie J. Ocker, The Pennsylvania State University, USA

Chapter XLVII
E-Mentoring: An Extended Practice, An Emerging Discipline .................................. 656
Angélica Rísquez, University of Limerick, Ireland

Section IV
Tools and Technologies Related to CMC

Chapter XLVIII
Podcastia: Imagining Communities of Pod-People ....................................................... 679
Jonathan Cohn, UCLA, USA

Chapter XLIX
E-Mail Distribution Lists in Adult Learning: A Historical Perspective ......................... 690
Mauri P. Collins, University of Nevada Las Vegas, USA
Zane L. Berge, University of Maryland, Baltimore County, USA

Chapter L
The Use of CMC Technologies in Academic Libraries ............................................... 705
Courtney D. Crummett, National Library of Medicine, National Institutes of Health, USA
Anna H. Perrault, South Florida University, Tampa, USA

Chapter LI
Blogs - A Computer Mediated Communication Tool for Virtual Team Collaboration ............ 720
Ashok Darisipudi, Ball State University, USA
Sushil K. Sharma, Ball State University, USA
Chapter LII
Corporate Blogging.............................................................................................. 731

Uma Doraiswamy, Western Kentucky University, USA

Chapter LIII
Seek and Ye Shall Find ...................................................................................... 740

Suely Fragoso, Unisinos, Brazil

Chapter LIV
Turn Taking in E-Mail Discussions .................................................................... 755

Sandra Harrison, Coventry University, UK

Chapter LV
Innovation and Utility in the Optical Transport Network ..................................... 773

Robert Karl Koslowsky, Independent Scholar, USA

Chapter LVI
Digital Photography ............................................................................................ 791

Eric T. Meyer, University of Oxford, UK

Chapter LVII
IM’s Growth, Benefits, and Impact on Communication ....................................... 804

Sara Rofofsky Marcus, Queens College GSLIS, USA

Chapter LVIII
Podcasting and Really Simple Syndication (RSS) .............................................. 815

Anna C. McFadden, The University of Alabama, USA

Chapter LIX
Computer Mediated Speech Technology - Perceptions of Synthetic Speech and Attitudes ............. 831

John W. Mullemix, University of Pittsburgh at Johnstown, USA
Steven E. Stern, University of Pittsburgh at Johnstown, USA

Chapter LX
Information Commons and Web 2.0 Technologies: Creating Rhetorical Situations and Enacting Habermasian Ideals in the Academic Library .................................................................. 845

Elisabeth Pankl, Kansas State University, USA
Jenna Ryan, Louisiana State University, USA

Chapter LXI
Human-Robot Interaction .................................................................................. 855

Jutta Weber, Technical University Carolo-Wilhelmina of Brunswick, Germany
Chapter LXII
Instant Messaging as a Hypermedium in the Making ......................................................... 868
Kalev Leetaru, University of Illinois, USA

Section V
Cultural and Linguistic Issues in CMC

Chapter LXIII
CMC Research in Latin America and Spain - Meta-Analyses from an Emergent Field ........ 883
Edgar Gomez Cruz, Universitat Oberta de Catalunya, Spain

Chapter LXIV
Global Culture and Computer Mediated Communication .............................................. 901
Susan R. Fussell, Carnegie Mellon University, USA
Qiping Zhang, Long Island University, USA
Leslie D. Setlock, Carnegie Mellon University, USA

Chapter LXV
Innovations and Motivations in Online Chat ................................................................. 917
Wengao Gong, National University of Singapore, Singapore
Vincent B. Y. Ooi, National University of Singapore, Singapore

Chapter LXVI
Solidarity and Rapport in Social Interaction ................................................................. 934
Jung-ran Park, Drexel University, USA

Chapter LXVII
Chat Rooms for Language Teaching and Learning ....................................................... 947
Cheng-chao Su, National Taiwan College of Performing Arts, Taiwan
Karen Garcia, University of Massachusetts, USA

Chapter LXVIII
Linguistic Forms and Function of SMS Text Messages in Nigeria ............................. 969
Rotimi Taiwo, Obafemi Awolowo University, Nigeria

Chapter LXIX
Linguistics of Computer Mediated Communication: Approaching the Metaphor .......... 983
Rosanna Tarsiero, Gionnethics, Italy
