Acknowledgment

I would like to thank all people involved in the development and review process of the book: especially, Dr. Florian Rosenberg from CSIRO, Professor Ricardo Gonçalves from Uninova University, Dr. Liming Zhu and Dr. Vladimir Tošić from NICTA, Professor Zakaria Maamar from Zayed University, and Professor Nik Bessis from University of Bedfordshire, who served EAB in an excellent, very useful, and inspirational manner. I would like to thank also Dr. Dragan Stojanović from University of Niš, who wrote foreword for the book. Many of the authors of the chapters made their contributions in review process for chapters written by other authors. Thanks go to all those who provide constructive and comprehensive reviews.

At least, but no least I would like to express special thanks to the third group of researchers who take a part of review process answering my personal call for help: especially Prof. Nick Bassiliadis from Aristotle University of Thessalonica, Prof. Piergiorgio Bertoli from FBK Trento, Prof. Dirk Fahland from Humboldt University Berlin, Prof. Angela Eck Soong Goh from Nanyang Technological University, Prof. Agnes Koschmider from Karlsruhe University, Prof. Kendall Nygard from North Dakota State University, Prof. Massimo Mecella from Universita di Roma “La Sapienza”, Prof. Roland Orre from KTH Royal Institute of Technology, Dr. Roman Y. Shtykh from Waseda University, Prof. Paolo Tonella from FBK Trento, and Prof. Qi Yu from Virginia Tech.

I would like to thank all the authors for their contributions. Special thanks go to Christine Bufton Dave De Ricco, and Myla Harty at IGI Global for their great support during book project. Special thanks also go to the publishing team at IGI Global, whose contributions throughout the whole process from the inspection of the initial idea to final publication have been invaluable.
