Acknowledgment

Many people contributed directly and indirectly to this book. First, we appreciate our colleagues from Riga Technical University for their support. We express our special gratitude to Uldis Sukovskis, who is the head of Department of Applied Computer Science, for his permission to dedicate a part of our work time for making this book.

Then, we would like to thank all chapter authors for their fast and positive reaction on call for book chapters. Quality of authors’ contributions gave us confidence, because otherwise this book would not exist. We wish to express our deep gratitude to Andy Schuerr, Jeff Gray and Douglas C. Schmidt for their good advice on invitation of other authors and to Juan Trujillo for his help in inviting reviewers.

We would also like to gratitude all the reviewers and express our sincere thanks to Gundars Alksnis, Janis Silins, Jeff Gray, Marite Kirikova, Bazil Parv, Douglas C. Schmidt, Jules White, Uldis Donins, Marcela Genero Bocco, Audris Kalnins, Aniruddha Gokhale, Liliana Dobrica, Eila Ovaska, Ricardo J. Machado, Jose Norberto Mazón, Dilip Patel, Eduardo Fernández-Medina Patón, Uldis Sukovskis, Mohammad Al Saad, Sofia Azevedo, Stan Hendryx, Zbigniew Huzar, Natalya Pavlova, Juan Trujillo, and Jelena Zdravkovic. Reviewers’ careful work guaranteed a high quality of each chapter and thus of the book.

We very much appreciate all Editorial Advisory Board members – Eduardo Fernandez-Medina, Jeff Gray, Stan Hendryx, Marite Kirikova, Ricardo J. Machado, Jose-Noberto Mazon, Dilip Patel, Uldis Sukovskis, and Juan Trujillo. Their obliging positive responses and help in the reviewing process fortify us. Without them, the book would not have its quality.

We wish to express our deep gratitude to the foreword author Andrew Watson for his kind agreement to describe why this book is important in the field of software development.

And last but not least, we would like to thank our families for their moral help.
