Table of Contents

Preface .............................................................................................................................................. xviii

Chapter 1
Re-Evaluation of On-Line Hot Topic Discovery Model................................................................. 1

Hui-min Ye, University of Vermont, USA
Sushil K. Sharma, Ball State University, USA
Huinan Xu, Ernst & Young, USA

Chapter 2
Understanding User Behavior toward Passwords through Acceptance and Use Modelling .......... 9

Lee Novakovic, Murdoch University, Australia
Tanya McGill, Murdoch University, Australia
Michael Dixon. Murdoch University, Australia

Chapter 3
Privacy Loss: An Expanded Model of Legal and Illegal Data Exchange..................................... 25

Joanne H. Pratt, Joanne H. Pratt Associates, USA

Chapter 4
Do Privacy Statements Really Work? The Effect of Privacy Statements and Fair Information Practices on Trust and Perceived Risk in E-Commerce................................................................. 42

Hamid R. Nemati, The University of North Carolina, USA
Thomas Van Dyke, The University of North Carolina, USA

Chapter 5
Large Key Sizes and the Security of Password-Based Cryptography ........................................ 60

Kent D. Boklan, Queens College, USA

Chapter 6
Information Systems Security Assurance Management at Municipal Software Solutions, Inc ........ 67

Virginia Franke Kleist, West Virginia University, USA
Bonnie Morris, West Virginia University, USA
James W. Denton, West Virginia University, USA
Chapter 7
Chronicle on a Journey: An E-Mail Bounce Back System................................................................. 75
   Alex Kosachev, The University of North Carolina at Greensboro, USA
   Hamid R. Nemati, The University of North Carolina at Greensboro, USA

Chapter 8
Protect Health Information (PHI) in a Small Business........................................................................ 106
   James Suleiman, University of Southern Maine, USA
   Terry Huston, Health Care Information Technology Consultant, Canada

Chapter 9
Addressing Current PCI Compliance Challenges.................................................................................. 119
   Benjamin Ngugi, Suffolk University, USA
   Glenn Dardick, Longwood University, USA
   Gina Vega, Salem State University, USA

Chapter 10
Relationships between Information Security Concerns and National Cultural Dimensions:
Findings in the Global Financial Services Industry............................................................................... 134
   Princely Ifinedo, Cape Breton University, Canada

Chapter 11
   Kirk P. Arnett, Mississippi State University, USA
   Gary F. Templeton, Mississippi State University, USA
   David A. Vance, Olivet Nazarene University, USA

Chapter 12
The Social Network Structure of a Computer Hacker Community.................................................... 160
   Xubin Cao, Southwestern University of Finance and Economics, China
   Yong Lu, Pennsylvania State University, USA

Chapter 13
Security and Privacy Issues in Secure E-Mail Standards and Services.............................................. 174
   Lei Chen, Sam Houston State University, USA
   Wen-Chen Hu, University of North Dakota, USA
   Ming Yang, Jacksonville State University, USA
   Lei Zhang, Frostburg State University, USA

Chapter 14
Advances in Security and Privacy in Wireless Sensor Networks....................................................... 186
   Dulal C. Kar, Texas A&M University-Corpus Christi, USA
   Hung L. Ngo, Texas A&M University-Corpus Christi, USA
   Clifton J. Mulkey, Texas A&M University-Corpus Christi, USA
   Geetha Sanapala, Texas A&M University-Corpus Christi, USA
Chapter 15
Multimedia Information Security and Privacy: Theory and Applications.............................................. 214
  Ming Yang, Jacksonville State University, USA
  Monica Trifas, Jacksonville State University, USA
  Guillermo Francia, III, Jacksonville State University, USA
  Lei Chen, Sam Houston State University, USA
  Yongliang Hu, Taizhou University, China

Chapter 16
Cloak and Dagger: Man-In-The-Middle and Other Insidious Attacks .................................................. 252
  Ramakrishna Thurimella, University of Denver, USA
  William Mitchell, University of Denver, USA

Chapter 17
A Resilient Fair Electronic Contract Signing Protocol ............................................................................ 271
  Harkeerat Bedi, University of Memphis, USA
  Li Yang, University of Tennessee at Chattanooga, USA

Chapter 18
Secure and Private Service Discovery in Pervasive Computing Environments ......................................... 295
  Feng Zhu, University of Alabama in Huntsville, USA
  Wei Zhu, Intergraph Co, USA

Chapter 19
Preserving Privacy in Mining Quantitative Associations Rules ............................................................... 310
  Madhu V. Ahluwalia, University of Maryland Baltimore County, USA
  Aryya Gangopadhyay, University of Maryland Baltimore County, USA
  Zhiyuan Chen, University of Maryland Baltimore County, USA

Chapter 20
A New SOA Security Model to Protect Against Web Competitive Intelligence Attacks By Software Agents ............................................................................................................. 327
  Hamidreza Amouzegar, K. N. Toosi University of Technology, Iran
  Mohammad Jafar Tarokh, K. N. Toosi University of Technology, Iran
  Anahita Naghilouye Hidaji, Infotech Pars Company, Iran

Chapter 21
PAKE on the Web .................................................................................................................................... 337
  Xunhua Wang, James Madison University, USA
  Hua Lin, University of Virginia, USA

Chapter 22
Three Models to Measure Information Security Compliance .................................................................... 351
  Wasim A. Al-Hamdani, Kentucky State University, USA
Chapter 23
Do You Know Where Your Data Is? A Study of the Effect of Enforcement Strategies on Privacy Policies

Ian Reay, University of Alberta, Canada
Patricia Beatty, University of Alberta, Canada
Scott Dick, University of Alberta, Canada
James Miller, University of Alberta, Canada
