Preface ................................................................................................................................................... xiv

Acknowledgment .................................................................................................................................... xix

Section 1
Cyber-Crime: Policies and Implications

Chapter 1
The UID Project: Lessons Learned from the West and Challenges Identified for India ..................... 1
  Rajarshi Chakraborty, University of Buffalo at SUNY New York, USA
  Haricharan Rengamani, University of Buffalo at SUNY New York, USA
  Ponnurangam Kumaraguru, Indraprastha Institute of Information Technology, India
  Raghav Rao, University of Buffalo at SUNY New York, USA

Chapter 2
Combined Impact of Outsourcing and Hard Times on BPO Risk and Security ............................ 24
  C. Warren Axelrod, Delta Risk, USA
  Sukumar Haldar, Anshinsoft Inc., USA

Chapter 3
A Comparison of Cyber-Crime Definitions in India and the United States ................................. 33
  Himanshu Maheshwari, University of South Florida, USA
  H. S. Hyman, University of South Florida, USA
  Manish Agrawal, University of South Florida, USA

Chapter 4
Emergency Response of Mumbai Terror Attacks: An Activity Theory Analysis .......................... 46
  Divya Shankar, University of Buffalo at SUNY New York, USA
  Manish Agrawal, University of South Florida, USA
  H. Raghav Rao, University of Buffalo at SUNY New York, USA
Chapter 5
Pirates of the Copyright and Cyberspace: Issues Involved
Charulata Chaudhary, Rajiv Gandhi National University of Law, India
Ishupal Singh Kang, Rajiv Gandhi National University of Law, India

Section 2
Cyber-Security: Technology Review

Chapter 6
Classifying Host Anomalies: Using Ontology in Information Security Monitoring
Suja Ramachandran, Bhabha Atomic Research Centre, India
R. S. Mundada, Bhabha Atomic Research Centre, India
A. K. Bhattacharjee, Bhabha Atomic Research Centre, India
C. S. R. C. Murthy, Bhabha Atomic Research Centre, India
R. Sharma, Bhabha Atomic Research Centre, India

Chapter 7
Securing Next Generation Internet Services
Asoke K. Talukder, ABV Indian Institute of Information Technology & Management, India
& Geschickten Solutions, India

Chapter 8
An Examination of Identity Management Models in an Internet Setting
Kenneth J. Giuliani, University of Toronto Mississauga, Canada
V. Kumar Murty, University of Toronto, Canada

Chapter 9
Securing Cloud Environment
N. Harini, Amrita Vishwa Vidyapeetham, India
C. K. Shyamala, Amrita Vishwa Vidyapeetham, India
T. R. Padmanabhan, Amrita Vishwa Vidyapeetham, India

Chapter 10
DoS Attacks in MANETs: Detection and Countermeasure
Rajbir Kaur, Malaviya National Institute of Technology, India
M. S. Gaur, Malaviya National Institute of Technology, India
Lalith Suresh, Malaviya National Institute of Technology, India
V. Laxmi, Malaviya National Institute of Technology, India

Chapter 11
Detecting Cheating Aggregators and Report Dropping Attacks in Wireless Sensor Networks
Mohit Virendra, State University of New York at Buffalo, USA
Qi Duan, State University of New York at Buffalo, USA
Shambhu Upadhyaya, State University of New York at Buffalo, USA
Chapter 12
Extended Time Machine Design using Reconfigurable Computing for Efficient Recording and Retrieval of Gigabit Network Traffic ................................................................. 168
S. Sajan Kumar, Amrita Vishwa Vidyapeetham, India
M. Hari Krishna Prasad, Amrita Vishwa Vidyapeetham, India
Suresh Raju Pilli, Amrita Vishwa Vidyapeetham, India

Chapter 13
Metamorphic Malware Analysis and Detection Methods......................................................... 178
Vinod P., Malaviya National Institute of Technology, India
V. Laxmi, Malaviya National Institute of Technology, India
M. S. Gaur, Malaviya National Institute of Technology, India

Section 3
Cyber-Security: Methods and Algorithms

Chapter 14
Towards Checking Tampering of Software.................................................................................. 204
N. V. Narendra Kumar, Tata Institute of Fundamental Research, India
Harshit Shah, Amrita Vishwa Vidyapeetham, India
R. K. Shyamasundar, Tata Institute of Fundamental Research, India

Chapter 15
Complexity Measures of Cryptographically Secure Boolean Functions.................................. 220
Chungath Srinivasan, Amrita Vishwa Vidyapeetham, India
Lakshmy K. V., Amrita Vishwa Vidyapeetham, India
M. Sethumadhavan, Amrita Vishwa Vidyapeetham, India

Chapter 16
Einstein-Podolsky-Rosen Paradox and Certain Aspects of Quantum Cryptology with Some Applications ................................................................................................................. 231
Narayanankutty Karuppath, Amrita Vishwa Vidyapeetham, India
P. Achuthan, Amrita Vishwa Vidyapeetham, India

Chapter 17
Error Linear Complexity Measures of Binary Multisequences .................................................. 240
Sindhu M., Amrita Vishwa Vidyapeetham, India
Sajan Kumar S., Amrita Vishwa Vidyapeetham, India
M. Sethumadhavan, Amrita Vishwa Vidyapeetham, India
Chapter 18
A Survey on Digital Image Steganographic Methods.......................................................... 250

Amritha. P. P., Amrita Vishwa Vidyapeetham, India
Gireesh Kumar T., Amrita Vishwa Vidyapeetham, India

Compilation of References .................................................................................................. 259

About the Contributors ........................................................................................................ 280

Index..................................................................................................................................... 287
