Acknowledgment

The editor would like to thank all of the contributing authors for their invaluable efforts and work that allowed for the publication of this book. Additionally, the support of the reviewers and the Editorial Advisory Board is greatly appreciated, as well as that of the entire IGI Global production team. Throughout the production of this publication, the editor has been partially supported by the Bio-Inspired Monitoring of Pervasive Environments (BioMPE) research project funded by the Swiss National Foundation (Grant number: 200021_130132) and awarded to the Pervasive and Artificial Intelligence research group at the Department of Informatics of the University of Fribourg, Switzerland.
