Table of Contents

Preface ......................................................................................................................................................... xvi

Section 1

Chapter 1
The Impacts of Brand Equity, Security, and Personalization on Trust Processes in an
E-Commerce Environment: An Updated Discussion ................................................................. 1
Catharina Stoecklin-Serino, Florida State University, USA
David Paradice, Florida State University, USA
Robert E. Hooker, Florida State University, USA

Chapter 2
Does Self-Efficacy Matter?: Examining Online Transaction Self-Efficacy
and General Self-Efficacy in B2C E-Commerce ................................................................. 42
Young Hoon Kim, Rutgers University, USA
Dan J. Kim, University of Houston Clear Lake, USA

Chapter 3
Trust Restoration in Electronic Commerce ................................................................. 72
Qinyu Liao, The University of Texas at Brownsville and Texas Southmost College, USA
Xin Luo, University of Mexico, Mexico
Anil Gurung, Marshall University, USA

Chapter 4
Delivery and Payment Options as Antecedents to Enhanced Online Retailing ............... 89
Kevin J. Shanahan, Mississippi State University, USA
Barbara Ross-Woolridge, The University of Texas at Tyler, USA
Charles M. Hermans, Missouri State University, USA
Chapter 5
Swift Trust in Web Vendors: The Role of Appearance and Functionality ........................................... 102
   Xin Li, University of North Carolina at Pembroke, USA
   Guang Rong, Clemson University, USA
   Michelle Carter, Clemson University, USA
   Jason Thatcher, Clemson University, USA

Section 2

Chapter 6
An End-User’s Journey of System Use: A Change in Attitudes and Behavior Over a Period .......... 124
   Zahid Hussain, University of Bradford, UK
   Khalid Hafeez, The University of York, UK

Chapter 7
End User Authentication (EUA) Model and Password for Security.................................................. 149
   George S. Oreku, Harbin Institute of Technology, China
   Jianzhong Li, Harbin Institute of Technology & Heilongjiang University, China

Chapter 8
A Model of the Relationship among Consumer Trust, Web Design and User Attributes ............... 165
   Xiaoni Zhang, Northern Kentucky University, USA
   Victor R. Prybutok, University of North Texas, USA
   Sherry Ryan, University of North Texas, USA
   Robert Pavur, University of North Texas, USA

Chapter 9
Capturing and Comprehending the Behavioral/Dynamical Interactions within an ERP Implementation ........................................................................................................... 189
   James R. Burns, Texas Tech University, USA
   Don G. Jung, MyongJi University, Korea
   James J. Hoffman, Texas Tech University, USA

Section 3

Chapter 10
   Yair Levy, Nova Southeastern University, USA
   Bruce D. Green, The GBS Group, USA
Chapter 11
Errors in Operational Spreadsheets ......................................................... 236
Stephen G. Powell, Dartmouth College, USA
Kenneth R. Baker, Dartmouth College, USA
Barry Lawson, Dartmouth College, USA

Chapter 12
Organizational Factors and Information Technology Use: Tying Perceptions of the Organization to Perceptions of IT ................................................................. 248
Riza Ergun Arsal, Istanbul Bilgi University, Turkey
Jason Thatcher, Clemson University, USA
Thomas Zagenczyk, Clemson University, USA
D. Harrison McKnight, Michigan State University, USA
Manju Ahuja, University of Louisville, USA

Chapter 13
Support and Facilitating Conditions to Computer Workers Who Dislike Working with Computers ........272
Ranida Harris, Indiana University Southeast, USA
Kent Marett, Mississippi State University, USA

Chapter 14
Analysis of User Involvement and Participation on the Quality of IS Planning Projects: An Exploratory Study ............................................................... 292
Varadharajan Sridhar, Management Development Institute, India
Dhruv Nath, Management Development Institute, India
Amit Malik, Management Development Institute, India

Section 4

Chapter 15
Knowledge Worker Productivity: The Effects of Distraction and Task Complexity in Mobile Computing Environments ......................................................... 311
Darren Nicholson, Rowan University, USA
Jennifer Nicholson, Rowan University, USA
D. Parboteeah, Eastern New Mexico University, USA
Joseph Valacich, Washington State University, USA

Chapter 16
Assessing the Dimension of Magnitude in Computer Self-Efficacy: An Empirical Comparison of Task-Based and Levels of Assistance-Based Methodologies ........................................... 331
James Downey, University of Central Arkansas, USA
R. Rainer Jr., Auburn University, USA
Chapter 17
A Theoretical Investigation and Extension of a Model of Information Technology Architecture Maturity .......................................................................................................................... 352
   Randy V. Bradley, The University of Tennessee, USA
   Terry Anthony Byrd, Auburn University, USA

Chapter 18
Friend or Foe? Leveraging – and Mitigating – the Access and Immediacy of Social Media and Information Technologies ............................................................................................................... 376
   Linda Brennan, Mercer University, USA

Compilation of References .............................................................................................................. 389
