## Table of Contents

Preface .................................................................................................................................................. xv

### Section 1
#### Sociological

**Chapter 1**  
Involvement, Elaboration and the Sources of Online Trust................................................................. 1  
*Russell Williams, University of Aberdeen Business School, UK*  
*Philip J. Kitchen, University of Hull Business School, UK & ESC Rennes Business School, France*

**Chapter 2**  
Defining Trust and E-Trust: From Old Theories to New Problems......................................................... 24  
*Mariarosaria Taddeo, University of Padua, Italy*

**Chapter 3**  
Using the Social Web Environment for Pattern Engineering............................................................... 37  
*Pankaj Kamthan, Concordia University, Canada*

**Chapter 4**  
Organizational Communication: Assessment of Videoconferencing as a Medium  
for Meetings in the Workplace.............................................................................................................. 58  
*Bolanle A. Olaniran, Texas Tech University, USA*

**Chapter 5**  
User-Centred Systems Design as Organizational Change: A Longitudinal Action Research  
Project to Improve Usability and the Computerized Work Environment in a Public Authority.............. 80  
*Jan Gulliksen, Uppsala University, Sweden*  
*Åsa Cajander, Uppsala University, Sweden*  
*Bengt Sandblad, Uppsala University, Sweden*  
*Elina Eriksson, Uppsala University, Sweden*  
*Iordanis Kavathatzopoulos, Uppsala University, Sweden*
Chapter 6
Usability in the Context of E-Learning: A Framework Augmenting ‘Traditional’ Usability Constructs with Instructional Design and Motivation to Learn ................................................................. 121
Panagiotis Zaharias, University of Cyprus, Greece

Chapter 7
Humans and Emerging RFID Systems: Evaluating Data Protection Law on the User Scenario Basis ................................................................................................................................. 145
Olli Pitkänen, Helsinki Institute for Information Technology (HIIT), Finland
Marketta Niemelä, VTT Technical Research Centre of Finland, Finland

Chapter 8
‘Listening to the Voices of the Users’ in Product Based Software Development .................................................. 157
Netta Ivari, University of Oulu, Finland
Tonja Molin-Juustila, University of Oulu, Finland

Chapter 9
Location-Based Mobile Storytelling .......................................................................................................................... 182
Jennifer Stein, University of South Carolina, USA
Scott Ruston, University of South Carolina, USA
Scott S. Fisher, University of South Carolina, USA

Section 2
Philosophical Aspects

Chapter 10
The Case for Open Access Networks .......................................................................................................................... 192
Don Flournoy, Ohio University, USA
Rolland LeBrasseur, Laurentian University, Canada
Sylvie Albert, Laurentain University, Canada

Chapter 11
Counter-Surveillance Strategies Adopted by Child Pornographers ........................................................................... 204
Marie Eneman, University of Gothenburg, Sweden

Chapter 12
A Multi-Facet Analysis of Factors Affecting the Adoption of Multimedia Messaging Service (MMS) .......................................................... 222
Judy Chaun-Chaun Lin, Soochow University, China
Chin-Lung Hsu, National Taipei College of Business, Taiwan
Chapter 13
The Benefits of (Automated) Dialogue ................................................................. 241

Robert Hurling, Unilever Research, UK
Marco De Boni, Unilever Research, UK
Alannah Richardson, Unilever Research, UK

Chapter 14
On User Experience Measurement Needs: Case Nokia ........................................... 262

Pekka Ketola, Nokia, Finland
Virpi Roto, Nokia Research Center, Finland

Section 3
The Case of Design in Technology, Concept and Learning

Chapter 15
A Motive Analysis as a First Step in Designing Technology for the use of Intuition in Criminal Investigation ................................................................. 276

Ingerid Rodseth, University of Bergen, Norway

Chapter 16
Designing Ubiquitous Content for Daily Lifestyle .................................................. 299

Masa Inakage, Keio University, Japan
Atsuro Ueki, Keio University, Japan
Satoru Tokuhisa, Keio University, Japan
Yuichiro Katsumoto, Keio University, Japan

Chapter 17
Asymmetrical Learning Create and Sustain Users’ Drive to Innovate, When Involved in Information Systems Design ................................................................. 305

Anne Kanstrup, Aalborg University, Denmark
Ellen Christiansen, Aalborg University, Denmark
