Table of Contents

Preface ................................................................................................................................................ xxii

Acknowledgment ............................................................................................................................... xxiv

Section I
Global Themes

Chapter I
A Composite Model for E-Commerce Diffusion: Revisited ............................................................... 1

Alexander Yap, Elon University, USA
Jayoti Das, Elon University, USA
John Burbridge, Elon University, USA

Chapter II
Web-Based Data Collection in China .................................................................................................. 24

Robert M. Davison, City University of Hong Kong, Hong Kong
Yuan Li, University of Southern California, USA
Carol S. P. Kam, Yahoo! Holding (HK) Ltd., Hong Kong

Chapter III
Privacy Protection Overseas as Perceived by USA-Based IT Professionals ....................................... 44

Jaymeen R. Shah, Texas State University — San Marcos, USA
Garry L. White, Texas State University — San Marcos, USA
James R. Cook, Texas State University — San Marcos, USA

Chapter IV
Social Institutional Explanations of Global Internet Diffusion: A Cross-Country Analysis ........ 59

Hongxin Zhao, Saint Louis University, USA
Seung Kim, Saint Louis University, USA
Taewon Suh, Texas State University — San Marcos, USA
Jianjun Du, University of Houston — Victoria, USA
Chapter V
Balancing Local Knowledge Within Global Organisations Through Computer-Based Systems:
An Activity Theory Approach ................................................................. 82
    Sonya Joshi, National Technical University of Athens, Greece
    Michael Barrett, University of Cambridge, UK
    Geoff Walsham, University of Cambridge, UK
    Sam Cappleman, Hewlett-Packard Ltd., UK

Chapter VI
The Effect of Culture and Product Categories on the Level of Use of
Buy-It-Now (BIN) Auctions by Sellers .................................................. 98
    Kevin K.W. Ho, Hong Kong University of Science and Technology, Hong Kong
    Byungjoon Yoo, Korea University Business School, Seoul, Korea
    Seunghee Yu, Hong Kong University of Science and Technology, Hong Kong
    Kar Yan Tam, Hong Kong University of Science and Technology, Hong Kong

Chapter VII
A Framework for Understanding Returns from E-Government .................. 113
    Shirish C. Srivastava, HEC School of Management, Paris, France
    Thompson S. H. Teo, National University of Singapore, Singapore
