Acknowledgment

This book would not have been possible without the cooperation and assistance of many people. In particular, I would like to thank Prof. Steve Clarke, Jan Travers and Kristin Klinger for inviting me to produce this book.

I would also like to thank Christine Bufton, Rebecca Beistline, Heather Probst, Sean Woznicki and Jamie Snavely for managing this project and answering my questions as well as enabling me to keep this project on schedule.

I would also like to thank the authors of the chapters in this book, the reviewers and the members of the editorial board for their support and cooperation.

I also acknowledge the support of my research group (Centre for Systems Studies) at Hull University Business School for enabling me to have the time to work on this exciting project, and also to my colleagues for the many stimulating discussions on the manuscript.

Finally, I would like to acknowledge that this book would not have been possible without the love and support of my family. My parents (Dr. S.N. Dwivedi and Mrs. Basanti Dwivedi), my in-laws (Mr. Naresh Narad and Mrs Abha Narad), my sister (Mrs Anju Rattan) and my spouse – Nimisha have been very supportive, and a source of encouragement.
