Table of Contents

Foreword.............................................................................................................................................. xv

Preface.................................................................................................................................................. xix

Acknowledgment.................................................................................................................................. xxiii

Section 1
Generalities and Perspectives

Chapter 1
General Perspective in Learning Management Systems................................................................. 1
  Robert W. Folden, Texas A&M University-Commerce, USA

Chapter 2
Knowledge Sharing in a Learning Management System Environment Using Social Awareness .... 28
  Ray M. Kekwaletswe, Tshwane University of Technology, South Africa

Chapter 3
Learning 2.0: Using Web 2.0 Technologies for Learning in an Engineering Course .................. 50
  Thomas Connolly, University of the West of Scotland, UK
  Carole Gould, University of the West of Scotland, UK
  Gavin Baxter, University of the West of Scotland, UK
  Tom Hainey, University of the West of Scotland, UK

Section 2
Implementing and Evaluating

Chapter 4
Evaluations of Online Learning Activities Based on LMS Logs.................................................. 75
  Paul Lam, The Chinese University of Hong Kong, Hong Kong
  Judy Lo, The Chinese University of Hong Kong, Hong Kong
  Jack Lee, The Chinese University of Hong Kong, Hong Kong
  Carmel McNaught, The Chinese University of Hong Kong Hong Kong
Chapter 5
ANGEL Mining ................................................................. 94
   Tyler Swanger, Yahoo! & The College at Brockport, State University of New York, USA
   Kaitlyn Whitlock, Yahoo!, USA
   Anthony Scime, The College at Brockport, State University of New York, USA
   Brendan P. Post, The College at Brockport, State University of New York, USA

Chapter 6
Critical Factors Influencing Instructors’ Acceptance and Use of Learning Management Systems ....... 116
   Kamla Ali Al-Busaidi, Sultan Qaboos University, Oman
   Hafedh Al-Shihi, Sultan Qaboos University, Oman

Section 3
Trends and Challenges

Chapter 7
A Comparative Study on LMS Interoperability ................................................................. 142
   José Paulo Leal, CRACS/INESC-Porto & DCC/FCUP, University of Porto, Portugal
   Ricardo Queirós, CRACS/INESC-Porto & DI/ESEIG/IPP, Porto, Portugal

Chapter 8
Mobile Learning Management Systems in Higher Education.............................................. 162
   Demetrios G. Sampson, University of Piraeus & Centre for Research and Technology Hellas, Greece
   Panagiotis Zervas, University of Piraeus & Centre for Research and Technology Hellas, Greece

Chapter 9
Enhancing Electronic Examinations through Advanced Multiple-Choice Questionnaires .......... 178
   Dimos Triantis, Technological Educational Institution of Athens, Greece
   Errikos Ventouras, Technological Educational Institution of Athens, Greece

Chapter 10
Disability Standards and Guidelines for Learning Management Systems: Evaluating Accessibility .... 199
   Lourdes Moreno, Universidad Carlos III de Madrid, Spain
   Ana Iglesias, Universidad Carlos III de Madrid, Spain
   Rocio Calvo, Universidad Carlos III de Madrid, Spain
   Sandra Delgado, Universidad Carlos III de Madrid, Spain
   Luis Zaragoza, News Service, Radio Nacional de España, Spain

Chapter 11
The Technological Advancement of LMS Systems and E-Content Software ............................ 219
   Dorota Dżega, West Pomeranian Business School, Poland
   Wiesław Pietruszkiewicz, SDART Ltd, UK
Section 4
Case Studies

Chapter 12
Differences in Internet and LMS Usage: A Case Study in Higher Education ........................................ 247
Rosalina Babo, Instituto Superior de Contabilidade e Administração do Porto, Portugal
Ana Cláudia Rodrigues, NID-RH, ESEIG, Portugal
Carla Teixeira Lopes, Faculdade de Engenharia da Universidade do Porto, Portugal
Paulo Coelho de Oliveira, ISEP, Portugal
Ricardo Queirós, KMILT, ESEIG, Portugal
Mário Pinto, KMILT, ESEIG, Portugal

Chapter 13
LMS Adoption at the University of Genova: Ten Years After ............................................................. 271
Maura Cerioli, University of Genova, Italy
Marina Ribaudo, University of Genova, Italy
Marina Rui, University of Genova, Italy

Chapter 14
Effective Use of E-Learning for Improving Students’ Skills................................................................. 292
Lorenzo Salas-Morera, University of Córdoba, Escuela Politécnica Superior, Spain
Antonio J. Cubero-Atienza, University of Córdoba, Escuela Politécnica Superior, Spain
Maria Dolores Redel-Macías, University of Córdoba, Escuela Politécnica Superior, Spain
Antonio Arauzo-Azofra, University of Córdoba, Escuela Politécnica Superior, Spain
Laura García-Hernández, University of Córdoba, Escuela Politécnica Superior, Spain

Chapter 15
Strategies of LMS Implementation at German Universities .............................................................. 315
Carola Kruse, Technische Universität Braunschweig, Germany
Thanh-Thu Phan Tan, Technische Universität Braunschweig, Germany
Arne Koesling, Leibniz Universität Hannover, Germany
Marc Krüger, Leibniz Universität Hannover, Germany

Compilation of References ......................................................................................................................... 335

About the Contributors ............................................................................................................................... 360
