Acknowledgment

The editors would like to acknowledge the help of all the people involved in this project and, more specifically, to the authors and reviewers that took part in the review process. Without their support, Cliens Conexus would not have become a reality.

First, the editors would like to thank each one of the authors for their contributions. Our sincere gratitude goes to the chapter authors who contributed their time and expertise to this book.

Second, the editors wish to acknowledge the valuable contributions of the reviewers regarding the improvement of quality, coherence, and content presentation of chapters. Most of the authors also served as referees; we highly appreciate their double task.

A special thanks to Dr. Riyad Eid for writing the foreword.

Our special thanks also go to the publishing team at IGI Global for their help and support throughout the whole process. In particular, we would like to thank Erika Carter, Jan Travers, Christine Bufton, and Hannah Abelbeck for their endless support and cooperation.

Finally, Dr. Colomo-Palacios would like to thank his wife Cristina, a constant source of inspiration, encouragement and endless love. Dr. Soto-Acosta wishes to thank his parents for their support, encouragement, love and faith in him. Last but not least, he wishes to thank Alexis for her love, energy and enthusiasm. Dr. João Varajão is thankful to Mariana Francisca, Sandra and Maria Eduarda, for their love, inspiration and understanding.
