It is indeed our pleasure and honor to acknowledge those who have helped to make this book possible. We would first like to thank Ms. Jan Travers, Director of Intellectual Property and Contracts at IGI Global and Mr. Mike Killian, Assistant Development Editor at IGI Global for their professional support in editing this book.

We are grateful to all who decided to participate in this publication project as the members of Editorial Advisory Board, contributors and reviewers, respectively. Also we are thankful to most of the authors who were willing to simultaneously serve as reviewers for chapters written by other authors.

Our special thanks go to Professor Ján Buda, Emeritus Fellow of CIRP, the International Academy for Production Engineering, for his continuing support and encouragement leading to the publication of this edited book.

Last, but not least, we would like to express our sincere thanks to our families for their understanding and patience during the editing of the book.
