Section II
Visual Instructional Design Languages

Chapter VI
Plotting a Learning Experience / Patrick Parrish .......................................................... 91

Chapter VII
E³ML: A Tool for Sketching Instructional Designs / Luca Botturi .................................. 112

Chapter VIII
The MOT+ Visual Language for Knowledge-Based Instructional Design / Gilbert Paquette, Michel Léonard, and Karin Lundgren-Cayrol ........................................... 133

Chapter IX
coUML: A Visual Language for Modeling Cooperative Environments / Michael Derntl and Renate Motschnig-Pitrik ................................................................. 155

Chapter X
poEML: A Separation-of-Concerns Proposal to Instructional Design / Manuel Caeiro-Rodríguez ................................................................. 185

Chapter XI
Performance Case Modeling / Ian Douglas .................................................................. 210

Chapter XII
LDL for Collaborative Activities / Christine Ferraris, Christian Martel, and Laurence Vignollet ................................................................. 226

Chapter XIII

Chapter XIV

Chapter XV
Using the IMS Learning Design Notation for the Modeling and Delivery of Education / Colin Tattersall, Tim Sodhi, Daniel Burgos, and Rob Koper ............................................. 299

Chapter XVI
Comparing Visual Instructional Design Languages: A Case Study / Luca Botturi, Daniel Burgos, Manuel Caeiro-Rodríguez, Michael Derntl, Rob Koper, Patrick Parrish, Tim Sodhi, and Colin Tattersal ............................................. 315
Section III
Research Studies

Chapter XVII
The Pervasiveness of Design Drawing in ID / S. Todd Stubbs and Andrew S. Gibbons ................. 345

Chapter XVIII
Lost in Translation: Improving the Transition Between Design and Production of Instructional Software / Eddy Boot, Jon Nelson, and Daniela De Faveri .......................................................... 366

Chapter XIX
A Visual Learning Design Representation to Facilitate Dissemination and Reuse of Innovative Pedagogical Strategies in University Teaching / Shirley Agostinho, Barry Harper, Ron Oliver, John Hedberg, and Sandra Wills ................................................................. 380

Chapter XX
Diagrams of Learning Flow Patterns’ Solutions as Visual Representations of Refinable IMS Learning Design Templates / Davinia Hernández-Leo, Eloy D. Villasclaras-Fernández, Juan I. Asensio-Pérez, and Yannis Dimitriadis ........................................ 394

Chapter XXI

Compilation of References .............................................................................................................. 439

About the Contributors .................................................................................................................... 467
