Table of Contents

Preface .................................................................................................................................................. viii

Acknowledgment .................................................................................................................................. xii

Section 1
Introduction to E-Healthcare Systems

Chapter 1
Challenges of Mobile Health Applications in Developing Countries ................................................. 1
    Nikhil Yadav, University of Notre Dame, USA
    Christian Poellabauer, University of Notre Dame, USA

Chapter 2
Legal Issues in E-Healthcare Systems ............................................................................................... 23
    Jawahitha Sarabdeen, University of Wollongong in Dubai, UAE

Chapter 3
Healthcare Applications for Clinicians ............................................................................................... 49
    Mohamed K. Watfa, University of Wollongong in Dubai, UAE
    Hina Majeed, University of Wollongong in Dubai, UAE
    Tooba Salahuddin, University of Wollongong in Dubai, UAE

Chapter 4
RFID Applications in E-Healthcare .................................................................................................... 70
    Mohamed K. Watfa, University of Wollongong in Dubai, UAE
    Manprabhjot Kaur, University of Wollongong Dubai, UAE
    Rashida Firoz Daruwala, University of Wollongong Dubai, UAE
Section 2
Security and Privacy Issues in E-Healthcare Systems

Chapter 5
Security and Privacy in Body Sensor Networks: Challenges, Solutions, and Research Directions .... 100
Wassim Itani, American University of Beirut, Lebanon
Ayman Kayssi, American University of Beirut, Lebanon
Ali Chehab, American University of Beirut, Lebanon

Chapter 6
Is Your Automated Healthcare Information Secure? ................................................................. 128
Mhamed Zineddine, AlHosn University, UAE

Chapter 7
Cyber Physical Security Solutions for Pervasive Health Monitoring Systems ........................ 143
Krishna K. Venkatasubramanian, University of Pennsylvania, USA
Sidharth Nabar, University of Washington, USA
Sandeep K. S. Gupta, Arizona State University, USA
Radha Poovendran, University of Washington, USA

Section 3
Real Life Efforts towards the Deployment of E-Healthcare Systems

Chapter 8
Android-Based Telemedicine System for Patient-Monitoring ............................................... 164
M. A. Matin, North South University, Bangladesh
Riaz Rahman, North South University, Bangladesh

Chapter 9
Rural E-Health Infrastructure Development ........................................................................ 179
Ali Zalzala, Hikma Group Ltd, UAE
Stanley Chia, Vodafone Group R&D, USA
Laura Zalzala, Bucharest Academy of Economic Studies, Romania
Subrat Sahu, Pandit Deendayal Petroleum University, India
Suresh Vaghasiya, Pandit Deendayal Petroleum University, India
Ali Karimi, Trans Technology Group, USA

Chapter 10
Design and Deployment of a Mobile-Based Medical Alert System ..................................... 210
N.A. Ikhu-Omoregbe, Covenant University, Nigeria
A.A. Azeta, Covenant University, Nigeria
Chapter 11
A Mobile Phone-Based Expert System for Disease Diagnosis ......................................................... 220
Olufemi Moses Oyelami, Covenant University, Nigeria

Chapter 12
Portable Wireless Device for Automated Agitation Detection .......................................................... 236
George E. Sakr, American University of Beirut, Lebanon
Imad H. Elhajj, American University of Beirut, Lebanon
Mohamad Khaled Joujou, American University of Beirut, Lebanon
Sarah Abboud, American University of Beirut, Lebanon
Huda Abu-Saad Huijer, American University of Beirut, Lebanon

Section 4
Open Research Challenges in E-Healthcare Systems

Chapter 13
Prioritization of Patient Vital Signs Transmission Using Wireless Body Area Networks ............... 257
Baozhi Chen, Rutgers University, USA
Dario Pompili, Rutgers University, USA

Chapter 14
Adapting Medical Content to the Terminal Capabilities of Wireless Devices .............................. 288
Spyros Panagiotakis, Technological Educational Institution of Crete, Greece
Robert Agoutoglou, Technological Educational Institution of Crete, Greece
Kostas Vassilakis, Technological Educational Institution of Crete, Greece

Chapter 15
Situation-Aware Ambient Assisted Living and Ambient Intelligence Data Integration for Efficient Eldercare ............................................................. 315
Werner Kurschl, Upper Austria University of Applied Sciences, Austria
Mario Buchmayr, Upper Austria University of Applied Sciences, Austria
Barbara Franz, Upper Austria University of Applied Sciences, Austria
Margit Mayr, Upper Austria University of Applied Sciences, Austria

Chapter 16
Advanced Video Distribution for Wireless E-Healthcare Systems ............................................. 349
Anna Zvikhachevskaya, Lancaster University, UK
Lyudmila Mihaylova, Lancaster University, UK

Chapter 17
A Cooperative Routing Algorithm to Increase QoS in Wireless E-Healthcare Systems ............... 375
Sabato Manfredi, University of Naples Federico II, Italy
Chapter 18
Towards Achieving Semantic Interoperability In eHealth Services ................................................. 388
    Adel Taweel, King’s College London, UK
    Brendan Delaney, King’s College London, UK
    Stuart Speedie, King’s College London, UK

Chapter 19
Seizures............................................................................................................................................. 402
    Dung V. Pham, The University of Melbourne, Australia
    Malka N. Halgamuge, The University of Melbourne, Australia
    Thas Nirmalathas, The University of Melbourne, Australia
    Bill Moran, The University of Melbourne, Australia

Chapter 20
A Full-Body Wireless Wearable UWB-Based Human Motion Capture and Gait Analysis System.......434
    Heba Shaban, Arab Academy for Science, Technology & Maritime Transport, Egypt
    Mohamad Abou El-Nasr, Arab Academy for Science, Technology & Maritime Transport, Egypt
    R. Michael Buehrer, Virginia Polytechnic Institute and State University, USA

About the Contributors .......................................................................................................................... 460
