Table of Contents

Preface

Section 1
Clinical Diagnostic Methods

Chapter 1
From Non-Invasive Hemodynamic Measurements towards Patient-Specific Cardiovascular Diagnosis
Stefan Bernhard, Freie Universität Berlin, Germany
Kristine Al Zoukra, Freie Universität Berlin, Germany
Christof Schütte, Freie Universität Berlin, Germany

Chapter 2
Personalized Experience Sharing of Cai’s TCM Gynecology
Guo-Zheng Li, Tongji University, China
Mingyu You, Tongji University, China
Liaoyu Xu, Shanghai Literature Institute of TCM, China
Suying Huang, Shanghai Literature Institute of TCM, China

Section 2
Basic Research: A Bridge to Modern Medicine

Chapter 3
Stem Cell-Based Personalized Medicine: From Disease Modeling to Clinical Applications
Alessandro Prigione, Max Planck Institute for Molecular Genetics, Germany

Chapter 4
Bifurcation Analysis of a Model Accounting for the 14-3-3σ Signalling Compartmentalisation
Svetoslav Nikolov, Institute of Mechanics and Biomechanics, Bulgaria
Julio Vera, University of Rostock, Germany
Olaf Wolkenhauer, University of Rostock, Germany
Chapter 5
Engineering Gene Control Circuits with Allosteric Ribozymes in Human Cells as a Medicine of the Future ............................................................ 71

Robert Penchovsky, Sofia University “St. Kliment Ohridski”, Bulgaria

Section 3
Medical Treatment and Research: Ethics and Applications

Chapter 6
Ethical Guidelines for the Quality Assessment of Healthcare ............................................................ 94

Amit Chattopadhyay, National Institutes of Health (NIDCR), USA
Khushdeep Malhotra, National Institutes of Health (NIDCR), USA
Sharmila Chatterjee, George Washington University, USA

Chapter 7
Systems Biology Methodologies for the Understanding of Common Oncogenetic Mechanisms in Childhood Leukemic and Rhabdomyosarcoma Cells ........................................................................ 111

George I. Lambrou, University of Athens, Greece
Maria Adamaki, University of Athens, Greece
Eleftheria Koultouki, University of Athens, Greece
Maria Moschovi, University of Athens, Greece

Section 4
Healthcare Quality Assessment

Chapter 8
Planning of a Specialized Pedagogic Environment and Defining Ethical Requirements in Educational Practice for Healthcare Quality ............................................................ 170

Vassiliki Ioannidi, University of Peloponnese, Greece
Antonis K. Travlos, University of Peloponnese, Greece
Sofia Vasileiadou, University of Athens “Attikon” Hospital, Greece
Evangelia Loukidou, Loughborough University, UK

Chapter 9
The Social Role of Technology in Healthcare Quality Improvement .................................................. 178

Anastasia K. Kadda, University of the Peloponnese, Greece

Chapter 10
Intelligent System to Quality Assurance in Drugs Delivery ............................................................ 187

Antonio J. Jara, University of Murcia (UMU), Spain
Mona Alsaddy, Kingston University London, UK
Alberto F. Alcolea, University of Murcia (UMU), Spain
Miguel Zamora, University of Murcia (UMU), Spain
Antonio F. Gómez-Skarmeta, University of Murcia (UMU), Spain
Chapter 11
Quality in Telemedicine Services ........................................................................................................... 203
Eleni Christodoulou, University of Peloponnese, Greece
Sofia Zyga, University of Peloponnese, Greece
Maria Athanasopoulou, University of Athens, Greece

Chapter 12
Quality Based on a Spatial SERVQUAL Model in Healthcare ................................................................. 209
Stelios Zimeras, University of the Aegean, Greece

Chapter 13
Bayesian Ontologies in Spatial Integrating Medical Information Systems .............................................. 220
Stelios Zimeras, University of the Aegean, Greece

Chapter 14
Improving Quality of Care through Risk Management Knowledge Transfer and Quality Assurance in Nursing Care ................................................................................................................................. 233
Kleopatra Alamantariotou, University Hospital of Larissa, Greece

Chapter 15
Role of Information Technology in Healthcare Quality Assessment ...................................................... 242
Stamatia Ilioudi, University of Peloponnese, Greece
Athina Lazakidou, University of Peloponnese, Greece
Maria Tsironi, University of Peloponnese, Greece

Compilation of References ......................................................................................................................... 254

About the Contributors ................................................................................................................................. 279

Index .......................................................................................................................................................... 288
