Acknowledgment

I acknowledge Tan Yigitcanlar supported the book during the preparation time by giving his comments and wrote a visionary foreword for readers. My wife, Yasemin visited various cities throughout the world with me and provided a comfortable environment during the preparation of the book. Erika Carter, Jan Travers, Hannah Abelbeck, and Christine Bufton coordinated all of the technical details perfectly between authors and the publisher. Obviously, 25 authors from various parts of the world believed the importance of the topic and shared their knowledge in their chapters. I thank all the authors for their valuable chapters.
