A Comparison of Pricing Strategy for Digital Goods.............................................................................. 12  
*Peng Lei, Nanyang Technological University, Singapore*  
*Kristy Shi, Nanyang Technological University, Singapore*  
*Tahani Iqbal, Nanyang Technological University, Singapore*

**Chapter 3**  
The Case for Variable Pricing of IDM..................................................................................................... 25  
*Ankit Bansal, Nanyang Technological University, Singapore*  
*Desai Mayura Manohar, Nanyang Technological University, Singapore*  
*S. Shantani, Nanyang Technological University, Singapore*

**Chapter 4**  
Buffet or à la Carte: Pricing Digital Goods............................................................................................. 32  
*Deepti Verma, Nanyang Technological University, Singapore*  
*Gaurav Gupta, Nanyang Technological University, Singapore*  
*Kamat Keshav, Nanyang Technological University, Singapore*

**Chapter 5**  
IDM Products vs. Services: A Comparative Analysis............................................................................ 43  
*Aditya Budi, Nanyang Technological University, Singapore*  
*Mi Wang, Nanyang Technological University, Singapore*  
*Tianyuan Wang, Nanyang Technological University, Singapore*
Chapter 6
The Problem with Free Web Content

Ping Seng Ng, Nanyang Technological University, Singapore
Diego Fernando Vergara Arias, Nanyang Technological University, Singapore
Mei-En Elizabeth Koh, Nanyang Technological University, Singapore
Ravi Sharma, Nanyang Technological University, Singapore

Chapter 7
Bundling Strategy in the IDM Marketplace

Goh Kok Min, Info Sys, Singapore
Kelvin Tan Yuean Soo, Info Sys, Singapore
Wang Geng, Info Sys, China

Chapter 8
Profiting from IDM Innovations: Learning from Amazon.com and iTunes

Bakrudeen Hyder Ali Nizam, Nanyang Technological University, Singapore
Senthil Kumar Praveen Kumar, Nanyang Technological University, Singapore
Trichy Ranganathan Jayaraman, Nanyang Technological University, Singapore

Chapter 9
The Issue of Fragmentation on Mobile Games Platforms

Tan Keng Tiong, Nanyang Technological University, Singapore
Ge Tianyi, Nanyang Technological University, Singapore
Rajkumar Sopra, Nanyang Technological University, Singapore
Ravi Sharma, Nanyang Technological University, Singapore

Section 2
Technology Platforms

Chapter 10
Deriving Value from Platforms in IDM

Wu (Harley) Sze Wei, Nanyang Technological University, Singapore
Niazi Babar Zaman Khan, Nanyang Technological University, Singapore
Satish Kumar Sarraf, Nanyang Technological University, Singapore

Chapter 11
Deriving Value in the IDM Market: Open vs. Closed Platforms

Nisha Alexander, Nanyang Technological University, Singapore
Ho Wei Ching, Nanyang Technological University, Singapore
Arasu Prem Kumar, Nanyang Technological University, Singapore
Chapter 12
Can IPTV Survive in Singapore’s Small and Over-Crowded Market? ................................................. 118
  Yang Yi, Nanyang Technological University, Singapore
  Li Lin, Nanyang Technological University, Singapore
  Chua Bee Hoon, Nanyang Technological University, Singapore

Chapter 13
Disruptions in the IDM Marketplace: Time-Shifted TV........................................................................ 132
  Huang Jian, Nanyang Technological University, Singapore
  Daniel Tan Dezheng, Nanyang Technological University, Singapore
  Ren Buyi, Nanyang Technological University, Singapore

Chapter 14
Exploiting P2P in New Media Distribution.......................................................................................... 142
  Marcus Mansukhani, Nanyang Technological University, Singapore
  He Ye, Nanyang Technological University, Singapore
  Ma Zhaoran, Nanyang Technological University, Singapore

Chapter 15
A Shop-Bot for Web Market Intelligence ............................................................................................. 151
  Miguel A. Morales-Arroyo, UNAM, Mexico
  Foo Chee Yuan, Nanyang Technological University, Singapore
  Lim Thian Muar, Nanyang Technological University, Singapore
  Kwek Choon Hwee, Nanyang Technological University, Singapore

Chapter 16
Value Creation in Mobile Operating Systems ....................................................................................... 194
  Sander Myint Shwe, Nanyang Technological University, Singapore
  Gao Xiuqing, Nanyang Technological University, Singapore
  Katherine Chia, Nanyang Technological University, Singapore

Chapter 17
Smartphone Application Wave and Trends on Different Platforms.................................................. 205
  Irvine Yeo, Nanyang Technological University, Singapore
  Jing Cong, Nanyang Technological University, Singapore
  Khin Mu Yar Soe, Nanyang Technological University, Singapore
  Fan Jing, Nanyang Technological University, Singapore

Chapter 18
Using Web 2.0 Features on Social Networks for Word-of-Mouth Effects ........................................... 218
  Tan Chee Liang, Nanyang Technological University, Singapore
  Chua Kok Seng, Nanyang Technological University, Singapore
  Kaung Pye Soe, Nanyang Technological University, Singapore
Section 3
Digital Communities

Chapter 19
The Role of Social Networks in the Viral Marketing of IDM ................................................................. 234
Bhatt Diptee, Nanyang Technological University, Singapore
Chang Tai Hock, Nanyang Technological University, Singapore
Wang Lihui, Nanyang Technological University, Singapore

Tan Huc Huey, Nanyang Technological University, Singapore

Chapter 29
Is DRM the Great Spoiler in the Marketplace? .................................................. 368
Ilyas Balgayev, Nanyang Technological University, Singapore
Phng Jia Shyan, Nanyang Technological University, Singapore
Kaung Myat Win, Nanyang Technological University, Singapore

Chapter 30
Television in Flux: Emerging Strategies for the Online Distribution of
Television Programs......................................................................................... 378
Steven S. Wildman, Michigan State University, USA
Han Ei Chew, Michigan State University, USA

Chapter 31
Investigating the Demise of Radio and Television Broadcasting ......................... 392
Wong Chuling (Luwen), Nanyang Technological University, Singapore
Chow Min Hua, Nanyang Technological University, Singapore
Chua Jit Chee, Nanyang Technological University, Singapore

Chapter 32
The Future of Television.................................................................................. 406
Xu Mingqing, Nanyang Technological University, Singapore
Xu Wenjin, Nanyang Technological University, Singapore
Zeng Junming, Nanyang Technological University, Singapore

Chapter 33
The Future of the Printed Book ....................................................................... 416
Lee San Bao Elizabeth, Nanyang Technological University, Singapore
Noriahni Ismail, Nanyang Technological University, Singapore
Ma Saw Zarchi Tun, Nanyang Technological University, Singapore
Chapter 34
The Future of Newspapers.................................................................................................................. 430

Antonius Ruddy Kurniawan, Nanyang Technological University, Singapore
Kok Wai Mun Mervin, Nanyang Technological University, Singapore
Zhang Qiushi, Nanyang Technological University, Singapore

About the Contributors .................................................................................................................... 443

Index................................................................................................................................................... 450
