Acknowledgment

We would like to thank all the authors for their contributions to this project, and also to thank them for their patience and trust during the process. We would like to thank all the reviewers for their hard work, diligence, and time; and for lending us their expertise. We would also like to acknowledge the major contributions made to the field of ANLP by Danielle S. McNamara, Arthur C. Graesser, and the FLAIRS organization. This research was supported in part by the National Science Foundation (NSF) (ITR 0325428, HCC 0834847, DRL-1108845). Any opinions, findings and conclusions, or recommendations expressed in this paper are those of the authors and do not necessarily reflect the views of NSF.
