Foreword....................................................................................................................xxi
Preface.............................................................................................................xxiv
Acknowledgment................................................................................................xxxiv

Section 1

Chapter 1
Use of Technology to Motivate Students.................................................................1
   Deepak Verma, Classroom Teacher, USA

Chapter 2
“No/Low Paper” Policy and Equipment Upkeep.....................................................5
   Alicia Martinez, School Teacher, USA

Chapter 3
The Laptop Tracking Plan.....................................................................................9
   Jessie Munks, School Teacher, USA

Chapter 4
School Districts Stumbled on Data Privacy..........................................................12
   Irene Chen, University of Houston Downtown, USA

Chapter 5
Budget Woes.......................................................................................................16
   Irene Chen, University of Houston Downtown, USA
Chapter 6
Lack of Technology in Urban Schools................................. 21
  Tamika Washington, Future School Teacher, USA

Chapter 7
Large School District Struggles to Obtain E-Rate Funds After
Bid-Rigging Probe ................................................................. 24
  Dallas McPheeters, Sr. Learning Consultant, Cerner Corporation, USA

Chapter 8
Technology in the Special Education Classroom................. 29
  Blanca Rodriguez, School Teacher, USA

Chapter 9
Emotional and Behavioral Disorders Students Using
Computer-Assisted Devices.................................................. 34
  Martina Ramos-Rey, School Teacher, USA

Chapter 10
Pop Quiz Debacle ............................................................... 39
  Leanne Spinale, Future School Teacher, USA

Chapter 11
Principal’s Letter to Parents: Take Kids off Social Networking Sites .......... 43
  Irene Chen, University of Houston Downtown, USA

Chapter 12
Student’s Reliance on the Use of Technology for Classroom Assignment......... 48
  Rarshunda Hudson-Phillips, School Teacher, USA

Chapter 13
Cyber Gangs inside the Classroom........................................ 51
  Evelyn Martinez, School Teacher, USA

Chapter 14
Technology Integration in the Home?..................................... 55
  Amanda Gordon, School Teacher, USA

Chapter 15
YouTube in the Classroom?.................................................. 58
  Alison Horstman, School Teacher, USA
Chapter 16
Technology and the Substitute Teacher................................................................. 61
  Chelsea Bruner, Future Teacher, USA

Chapter 17
Video Games in the Classroom: A Success or Game Over?................................. 64
  Anabel Vallejo, School Teacher, USA

Chapter 18
How Do We Close the Gap between Technology Innovation and Available Funding? .................................................................................................................. 70
  Christian McGlory, School Teacher, USA

Chapter 19
Technology and Traditional Teaching................................................................. 74
  Sina Andegherghis, School Teacher, USA

Chapter 20
Technology Use on My Campus......................................................................... 80
  Diana Ramirez, School Media Specialist, USA

Chapter 21
A High School Librarian’s Participation in Supporting Information Literacy on Her Campus ........................................................................................................ 87
  Diana Ramirez, School Media Specialist, USA

Chapter 22
Social Networks: Education beyond the Classroom?........................................ 93
  Ngochoai Tran, School Teacher, USA

Section 2

Chapter 23
Using Online Collaborative Tools to Foster Middle School Students’ “Public Voices”: Payoffs, Perils and Possibilities................................................................. 97
  Nick Lawrence, East Bronx Academy, USA
  Joe O’Brien, University of Kansas, USA

Chapter 24
Digitally Capturing Student Thinking for Self-Assessment: Mathcasts as a Window on Student Thinking during Mathematical Problem Solving......... 127
  Sheri Vasinda, Texas A&M University-Commerce, USA
  Julie McLeod, University of North Texas, USA
Chapter 25
Educational Technology in a Novice Science Teacher’s Classroom ............... 145
Selcen Guzey, University of Minnesota, USA
Gillian Roehrig, University of Minnesota, USA

Chapter 26
Case Study of Game-Based Learning in a Citizenship Education K-12
Classroom: Opportunities and Challenges...................................................... 154
Venus Olla, University of Nottingham, UK

Chapter 27
Leveraging Technology to Develop Pre-Service Teachers’ TPACK in
Mathematics and Science Methods Courses.................................................. 170
Kate Popejoy, University of North Carolina at Charlotte, USA
Drew Polly, University of North Carolina at Charlotte, USA

Chapter 28
Issues and Challenges in Preparing Teachers to Teach in the
Twenty-First Century .................................................................................. 183
Susan Gibson, University of Alberta, Canada

Chapter 29
Web-Based Instruction: A Case Study of Preservice Elementary Teachers’
Efficacy in Modeling and Reasoning with Fractions...................................... 195
Cheng-Yao Lin, Southern Illinois University Carbondale, USA
Fenqjen Luo, Montana State University Bozeman, USA
Jane-Jane Lo, Western Michigan University, USA

Chapter 30
The Pathway to Nevada’s Future: A Case of Statewide Technology
Integration and Professional Development.................................................... 204
P.G. Schrader, University of Nevada, Las Vegas, USA
Neal Strudler, University of Nevada, Las Vegas, USA
Loretta Asay, University of Nevada, Las Vegas, USA
Terra Graves, Washoe County School District, USA
Shawn L. Pennell, University of Nevada, Reno, USA
Sara Stewart, Clark County School District, USA

Chapter 31
Using Technology to Support Algebra Teaching and Assessment:
A Teacher Development Case Study............................................................. 224
Sandra L. Richardson, Lamar University, USA
Shirley L. Barnes, Alabama State University, USA
David S. Torain, II, Hampton University, USA
Chapter 32
ABCs and PCs: Effective Professional Development in Early Childhood Education .......................................................... 230

Cory Cooper Hansen, Arizona State University, USA

Chapter 33
Designing District-Wide Technology-Rich Professional Development .......... 236

Drew Polly, University of North Carolina at Charlotte, USA
Clif Mims, University of Memphis, USA
Brenda McCombs, Kannapolis City Schools, USA
