Table of Contents

Preface .................................................................................................................................................. xv

Chapter 1
The Impact of Personal Electronic Communications on Work-Life Balance and Cognitive Absorption .......................................................................................................................... 1
   Pruthikrai Mahatanankoon, Illinois State University, USA

Chapter 2
Assessment and Contrast of the Effects of Information and Communication Technology ............................................................................................................................................ 15
   John Wang, Montclair State University, USA
   Bin Zhou, Kean University, USA
   Jeffrey Hsu, Fairleigh Dickinson University, USA

Chapter 3
Automatic Language Translation for Mobile SMS ................................................................................. 33
   S. K. Samanta, University of Essex, UK
   A. Achilleos, University of Cyprus, Cyprus
   S. Moiron, University of Essex, UK
   J. Woods, University of Essex, UK
   M. Ghanbari, University of Essex, UK

Chapter 4
Botswana’s Novel Approaches for Knowledge-Based Economy Facilitation: Issues, Policies and Contextual Framework ........................................................................................................ 45
   Bwalya Kelvin Joseph, University of Botswana, Botswana

Chapter 5
Children’s Maps in GIS: A Tool for Communicating Outdoor Experiences in Urban Planning ........ 57
   Kerstin Nordin, Swedish University of Agricultural Sciences, Sweden
   Ulla Berglund, Swedish University of Agricultural Sciences, Sweden
Chapter 6
Participation in Child Welfare Services Through Information and Communication Technologies...... 73
Susan Tregeagle, University of Western Sydney, Australia

Chapter 7
Deploying Information and Communication Technologies (ICT) to Enhance Participation in Local Governance for Citizens with Disabilities................................. 91
John C. Bricout, University of Central Florida, USA
Paul M. A. Baker, Georgia Institute of Technology, USA

Chapter 8
E-Accessibility and Municipal Wi-Fi: Exploring a Model for Inclusivity and Implementation .... 109
Paul M. A. Baker, Georgia Institute of Technology, USA
Alea M. Fairchild, Vrije Universiteit Brussel, Belgium
Jessica Pater, Georgia Tech Research Institute, USA

Chapter 9
Adoption and Use of ICTs Among Rural Youth: Evidence from Greece ........................................ 125
George Alexopoulos, Agricultural University of Athens, Greece
Alex Koutsouris, Agricultural University of Athens, Greece
Irene Tzouramani, National Agricultural Research Foundation, Greece

Chapter 10
Pathways to Participatory Landscape Governance in Northern Laos: The Role of Information and Communication Technologies................................................... 143
John Daniel Watts, Center for International Forestry Research (CIFOR), Laos
Vilaphong Kanyasone, Northern Agriculture and Forestry Research Centre, Laos
Vongvilay Vongkhamsa, National Agriculture and Forestry Research Institute, Laos

Chapter 11
Tlowitsis Re-Imagined: The Use of Digital Media to Build Nation and Overcome Disconnection in a Displaced Aboriginal Community......................................... 158
Jon Corbett, University of British Columbia Okanagan, Canada
Raquel Mann, University of British Columbia Okanagan, Canada

Chapter 12
ICTs in Chinese Distance Higher Education: Increased Opportunities and Continuous Challenges.............................................................. 180
Xiaobin Li, Brock University, Canada
Chapter 13
The Concerns of Elementary Educators with the Diffusion of Information
and Communication Technology ................................................................. 193
  Armin Samiei, Simon Fraser University, Canada
  Daniel A. Laitsch, Simon Fraser University, Canada

Chapter 14
Examining the “Digital Divide”: A Study of Six Pre-Service Teachers’
Experiences with ICTs and Second Language Education.............................. 208
  Francis Bangou, University of Ottawa, Canada

Chapter 15
Leveraging Technology to Promote Assessment for Learning in Higher Education........ 224
  Christopher DeLuca, University of South Florida, USA
  Laura April McEwen, Queen’s University, Canada

Chapter 16
Impact of Podcasts as Professional Learning: Teacher Created,
Student Created, and Professional Development Podcasts.............................. 237
  Kathleen P. King, University of South Florida, USA

Chapter 17
New Trends and Futuristic Information Communication Technologies
for Engineering Education ...................................................................... 251
  Manjit Singh Sidhu, University Tenaga Nasional, Malaysia
  Lee Chen Kang, University Tunku Abdul Rahman, Malaysia

Compilation of References ........................................................................... 263

About the Contributors .................................................................................. 297
