Table of Contents

Preface.................................................................................................................................................. xv

Section 1
End-User Computing: Innovations and New Understanding

Chapter 1
Contrasting IT Capability and Organizational Types: Implications for Firm Performance................. 1
  Terry Anthony Byrd, Auburn University, USA
  Linda W. Byrd, Auburn University, USA

Chapter 2
Utilization and Perceived Benefit for Diverse Users of Communities of Practice in a Healthcare Organization .......................................................................................................................... 25
  Steven Walczak, University of Colorado Denver, USA
  Richard Mann, Cardinal Health, USA

Chapter 3
Culturally Compatible Usability Work: An Interpretive Case Study on the Relationship between Usability Work and Its Cultural Context in Software Product Development Organizations.............. 54
  Netta Iivari, University of Oulu, Finland

Chapter 4
Studying the Documentation of an API for Enterprise Service-Oriented Architecture ....................... 81
  Brad A. Myers, Carnegie Mellon University, USA
  Sae Young Jeong, Carnegie Mellon University, USA
  Yingyu Xie, Carnegie Mellon University, USA
  Jack Beaton, Nokia, Inc., USA
  Jeff Stylos, Carnegie Mellon University, USA
  Ralf Ehret, SAP, AG, Germany
  Jan Karstens, SAP, AG, Germany
  Arkin Efeoglu, SAP, AG, Germany
  Daniela K. Busse, SAP Labs, LLC, USA
Chapter 5
Mutual Development: The Software Engineering Context of End-User Development .................. 103
    *Anders I. Mørch, University of Oslo, Norway*
    *Renate Andersen, University of Oslo, Norway*

Section 2
Approaches, Frameworks and Techniques for End-User Computing

Chapter 6
WOAD: A Framework to Enable the End-User Development of Coordination-Oriented Functionalities ...................................................................................................................... 127
    *Federico Cabitza, Università degli Studi di Milano-Bicocca, Italy*
    *Carla Simone, Università degli Studi di Milano-Bicocca, Italy*

Chapter 7
Self-Determined Adoption of an ICT System in a Work Organization ........................................ 148
    *Eija Korpelainen, Helsinki University of Technology, Finland*
    *Matti Vartiainen, Helsinki University of Technology, Finland*
    *Mari Kira, Helsinki University of Technology, Finland*

Chapter 8
A Model of System Re-Configurability and Pedagogical Usability in an E-Learning Context: A Faculty Perspective ........................................................................................................... 168
    *Jianfeng Wang, Mansfield University of Pennsylvania, USA*
    *William J. Doll, The University of Toledo, USA*
    *Xiaodong Deng, Oakland University, USA*

Chapter 9
End-User Software Engineering and Why It Matters ....................................................................... 185
    *Margaret Burnett, Oregon State University, USA*

Chapter 10
End User Development and Meta-Design: Foundations for Cultures of Participation ..................... 202
    *Gerhard Fischer, University of Colorado, USA*

Chapter 11
Investigating Technology Commitment in Instant Messaging Application Users........................... 227
    *Y. Ken Wang, University of Pittsburgh at Bradford, USA*
    *Pratim Datta, Kent State University, USA*
Section 3
End-User Computing: Evidence from Practice

Chapter 12
Appropriation Infrastructure: Mediating Appropriation and Production Work ........................................... 254
  Gunnar Stevens, University of Siegen and Fraunhofer FIT, Germany
  Volkmart Pipke, University of Siegen and Fraunhofer FIT, Germany
  Volker Wulf, University of Siegen and Fraunhofer FIT, Germany

Chapter 13
Entering the Clubhouse: Case Studies of Young Programmers Joining the Online Scratch Communities .......................................................... 279
  Yasmin B. Kafai, University of Pennsylvania, USA
  Deborah A Fields, University of California, Los Angeles, USA
  William Q. Burke, University of Pennsylvania, USA

Chapter 14
Enterprise Systems Training Strategies: Knowledge Levels and User Understanding .............................. 295
  Tony Coulson, California State University, San Bernardino, USA
  Lorne Olfman, Claremont Graduate University, USA
  Terry Ryan, Claremont Graduate University, USA
  Conrad Shayo, California State University, San Bernardino, USA

Chapter 15
The Influence of Perceived Source Credibility on End User Attitudes and Intentions to Comply with Recommended IT Actions ........................................ 312
  Allen Johnston, University of Alabama, USA
  Merrill Warkentin, Mississippi State University, USA

Chapter 16
Organizing End-User Training: A Case Study of an E-Bank and its Elderly Customers ..................... 335
  Harri Oinas-Kukkonen, University of Oulu, Finland
  Sari Hohtari, Kemi-Tornio University of Applied Sciences, Finland
  Samuli Pekkola, Tampere University of Technology, Finland

Chapter 17
A Path Analysis of the Impact of Application-Specific Perceptions of Computer Self-Efficacy and Anxiety on Technology Acceptance ........................................ 354
  Bassam Hasan, The University of Toledo, USA
  Mesbah U. Ahmed, The University of Toledo, USA

Compilation of References .......................................................................................................................... 369

About the Contributors .............................................................................................................................. 414

Index .......................................................................................................................................................... 421
