Acknowledgment

Editing a book is something that requires a lot of collaboration and the support of many people who have been involved in the development and production of this book.

First, we would like to thank all the authors who devoted so much of their time preparing and writing their chapters, and responding to numerous comments and suggestions made from the reviewers and ourselves. We are extremely indebted to the editorial advisory board members and reviewers for their support, comments, and suggestions.

We are very grateful to Dr. Benjamin Müller and Dr. Nils Urbach for having accepted to write the foreword of this book. Our appreciations are also extended to Dr. Stefan Smolnik and his team at the EBS Business School in Wiesbaden, Germany.

We also wish to gratefully acknowledge that great support and assistance of the excellent team at IGI Global, especially Hannah Abelbeck who was always delighted to assist us throughout the process of producing this book.

Finally, family is pivotal in encouraging us to carry on with this project, we are indebted to them for their love, support, and understanding.
