# Table of Contents

Preface ................................................................................................................................................ xvi

Acknowledgement ........................................................................................................................... xxiii

## Section I

### Information Technology Innovations

### Chapter I

Ambient Intelligence (AmI) Systems Development ................................................................. 1

*Simrn Kaur Gill, National University of Ireland Galway, Ireland*

*Kathryn Cormican, National University of Ireland Galway, Ireland*

### Chapter II

Interoperability Concept Supporting Network Innovation ....................................................... 23

*Jari Tammela, Spiral Business Services Oy, Finland*

*Vesa Salminen, Lappeenranta University of Technology, Finland*

### Chapter III

Heritage Tourism Portal Web Page Design with Factor and Correlation Analysis .................. 38

*Shamsuddin Ahmed, Bang College of Business, KIMEP, Almaty, Kazakhstan*

*Francis Amagoh, Department of Public Administration, KIMEP, Almaty, Kazakhstan*

## Section II

### IT Management and Corporate Governance

### Chapter IV

Effectiveness of Information Technology Governance:

Perceptions of Board Directors and Senior Managers ............................................................... 60

*Fang Zhao, RMIT University, Australia*

*Adela J. McMurray, RMIT University, Australia*

*Mark Toomey, Infonomics Pty Ltd., Australia*
Chapter V
Performance Measurement in the SMEs in the Information Industry ........................................... 79
   Donglin Wu, RMIT University, Australia
   Fang Zhao, RMIT University, Australia

Section III
IT Entrepreneurship and E-Business

Chapter VI
The Role of Web Sites and E-Commerce in the Development of Global Start-Ups ...................... 101
   Brychan Thomas, University of Glamorgan Business School, UK
   Christopher Miller, University of Glamorgan Business School, UK
   Gary Packham, University of Glamorgan Business School, UK
   Geoff Simmons, University of Ulster, UK

Chapter VII

Juha Kettunen, Turku University of Applied Sciences, Finland
Lauri Luoto, Turku University of Applied Sciences, Finland

Chapter XV
Trust in Organizations: An Islamic Perspective .................................................................................. 293
Muhammad Mohtsham Saeed, University of Innsbruck, Austria

Section V
Innovation and Knowledge Management

Chapter XVI
Supporting Innovation Through Knowledge Management in the Extended Enterprise ............. 310
Mikel Sorli, Fundación LABEIN, Derio, Spain
Dragan Stokic, ATB, Bremen, Germany

Chapter XVII
E-Learning and Knowledge Management in the Global Context .............................................. 329
Andrew Creed, Deakin University, Australia
Ambika Zutshi, Deakin University, Australia
Jane Ross, University of Maryland—University College, USA

Chapter XVIII
E-Learning: The Cornerstone to Transferring Entrepreneurship Knowledge .......................... 344
Cecilia Hegarty, University of Ulster, UK
Section VI
Innovation Process

Chapter XIX
Innovations from Business Process Models .......................................................................................... 359
   James Perotti, Rochester Institute of Technology, USA

Chapter XX
Performance Measurement in Innovation Processes .............................................................................. 376
   Jan Strickmann, University of Oldenburg, Germany
   Axel Hahn, University of Oldenburg, Germany
   Stefan Haüsler, OFFIS—Institute of Computer Science, Germany
   Kevin Hausmann, OFFIS—Institute of Computer Science, Germany

Chapter XXI
Finding and Growing Innovators: Keeping Ahead of the Competition .............................................. 396
   Debbie Richards, Macquarie University, Australia
   Peter Busch, Macquarie University, Australia

Chapter XXII
International Dimensions of Innovation Technology ............................................................................. 415
   Valerie S. Perotti, Rochester Institute of Technology, USA

Chapter XXIII
Disruptions in Global Industries Caused by Controversial Technologies:
The Case of Lead-Free Soldering in Electronics .................................................................................. 430
   Roman Boutellier, ETH Zurich, Switzerland
   Andreas Biedermann, ETH Zurich, Switzerland

Compilation of References ................................................................................................................... 451

About the Contributors .......................................................................................................................... 495

Index ................................................................................................................................................... 503
