# Table of Contents

Preface.................................................................................................................................................... xvi

## Section 1
**Portal Technology**

### Chapter 1
Do You Need a Content Management System? ................................................................. 1

*Jana Polgar, NextDigital, Australia*

### Chapter 2
A Cloud Portal Architecture for Large-Scale Application Services ........................................ 7

*Jun-Jang Jeng, IBM, USA*

*Ajay Mohindra, IBM, USA*

*Jeaha Yang, IBM, USA*

*Henry Chang, IBM, USA*

### Chapter 3
Lotus Workforce Management: Streamlining Human Resource Management ...................... 22

*Jerh. O’Connor, IBM, Ireland*

*Ronan Dalton, IBM, Ireland*

*Don Naro, IBM, Ireland*

### Chapter 4
Using WSRP 2.0 with JSR 168 and 286 Portlets ................................................................. 37

*Jana Polgar, Next Digital, Australia*

### Chapter 5
WSRP, SOA and UDDI .................................................................................................................. 50

*Tony Polgar, Dialog, Australia*

### Chapter 6
Use of Web Analytics in Portals .......................................................................................... 63

*Jana Polgar, Dialog IT, Australia*
Chapter 7
Search Integration with WebSphere Portal: The Options and Challenges

Andreas Prokoph, IBM, Germany

Chapter 8
Challenges of Multi Device Support with Portals

Jaye Fitzgerald, IBM, USA
Van Landrum, IBM, USA

Section 2
Security, Architecture and Mobility in Portals

Chapter 9
Generalized Evidential Processing in Multiple Simultaneous Threat Detection in UNIX

Zafar Sultan, University of New England, Australia
Paul Kwan, University of New England, Australia

Chapter 10
Using Ajax to Track Student Attention

Jan Newmarch, Box Hill Institute and Monash University, Australia

Chapter 11
How Thick Is Your Client?

Ed Young, Victoria University, Australia
Michael Jessopp, Object Consulting, Australia

Chapter 12
An Integration Ontology for Components Composition

Sofien Khemakhem, CNRS and University of Toulouse, France, & University of Sfax, Tunisia
Khalil Drira, CNRS and University of Toulouse, France
Mohamed Jmaiel, University of Sfax, Tunisia

Chapter 13
The Philosophy of Software Architecture

Amit Goel, RMIT University, Australia

Section 3
Practical Experiences of Business Today

Chapter 14
Impact of Web Portal Announcements on Market Valuations: An Event Study

Manish Gupta, State University of New York, Buffalo, USA
Raj Sharman, State University of New York, Buffalo, USA
Chapter 15
Part of the Tool Kit: SOA and Good Business Practices ........................................................... 180
   Kee Wong, e-CentricInnovations, Australia
   Greg Adamson, University of Melbourne, Australia

Chapter 16
Interview: Portal Experiences of Not-for-Profit Organisations ................................................. 188
   Greg Adamson, University of Melbourne, Australia
   Rick Noble, N2 Services, Australia

Chapter 17
Portals, Technology and E-Learning .......................................................................................... 195
   Greg Adamson, University of Melbourne, Australia

Section 4
Learning for Future Portal and SOA Implementations

Chapter 18
Improving Our Approach to Internet and SOA Projects ............................................................ 205
   Neil Richardson, SkyBlue Consulting Ltd, UK

Chapter 19
Challenges in Researching Portals and the Internet .................................................................. 210
   Greg Adamson, University of Melbourne, Australia

Chapter 20
Containers and Connectors as Elements in a Portal Design Framework .................................. 223
   Joe Lamantia, MediaCatalyst B.V., The Netherlands

Chapter 21
Enhancing the Portal Experience ............................................................................................... 245
   Joe Lamantia, MediaCatalyst BV, The Netherlands

Chapter 22
Using the Building Blocks: Evolution of a Portal Suite ............................................................ 259
   Joe Lamantia, MediaCatalyst BV, The Netherlands

Compilation of References ........................................................................................................... 272

About the Contributors ................................................................................................................. 286

Index ............................................................................................................................................. 290
