# Table of Contents

Foreword.............................................................................................................................................. xx

Preface.................................................................................................................................................. xxi

Acknowledgment............................................................................................................................... xxv

## Section 1

**Fundamentals of Industrial Informatics and Design**

**Chapter 1**

Fundamentals of Industrial Informatics and Communication Technologies ................................. 1  
*Abdul Quaiyum Ansari, Jamia Millia Islamia, India*  
*Mohammad Ayoub Khan, Ministry of Communications and Information Technology, India*

**Chapter 2**

Industrial Information Security, Safety, and Trust ............................................................................. 20  
*Sapna Tyagi, Institute of Management Studies, India*  
*Preeti Sirohi, Institute of Management Studies, India*  
*Mohammad Yahiya Khan, King Saud University, Kingdom of Saudi Arabia*  
*Ashraf Darwish, Helwan University, Egypt*

## Section 2

**Computational Intelligence in Informatics Algorithms**

**Chapter 3**

Fuzzy Logic: Concepts, System Design, and Applications to Industrial Informatics ....................... 33  
*Siddhartha Bhattacharyya, The University of Burdwan, India*  
*Paramartha Dutta, Visva-Bharati University, India*
Chapter 4
ANNs for Identifying Shock Loads in Continuously Operated Biofilters: Application to Biological Waste Gas Treatment ........................................................................................................................................... 72

Eldon R. Rene, University of La Coruña, Spain
M. Estefanía López, University of La Coruña, Spain
Hung Suck Park, University of Ulsan, South Korea
D. V. S. Murthy, Broward College, USA
T. Swaminathan, Indian Institute of Technology Madras, India

Chapter 5
Pandian Vasant, University Technology Petronas, Malaysia

Chapter 6
Functional Safety of Distributed Embedded Control Systems ............................................................... 132
Atef Gharbi, NSAT, Tunisia
Hamza Gharsellaoui, INSAT, Tunisia
Mohamed Khalgui, Xidian University, China
Samir Ben Ahmed, INSAT, Tunisia

Chapter 7
Integration of Fuzzy Logic Techniques into DSS for Profitability Quantification in a Manufacturing Environment................................................................................................................................ 171
Irраivan Elamvazuthi, Universiti Teknologi PETRONAS, Malaysia
Pandian Vasant, Universiti Teknologi PETRONAS, Malaysia
Timothy Ganesan, Universiti Teknologi PETRONAS, Malaysia

Chapter 8
Rough Set Based Aggregation for Effective Evaluation of Web Search Systems................................. 193
Rashid Ali, Aligarh Muslim University, India
M. M. Sufyan Beg, Jamia Millia Islamia, India

Chapter 9
Technology Support for Knowledge Management in Industrial Settings: Issues and Implications .... 211
Saqib Saeed, University of Siegen, Germany
Rizwan Ahmad, Qatar University, Qatar
Zaigham Mahmood, University of Derby, UK
Mohammad Ayoub Khan, Ministry of Communications and IT, India
Chapter 10
Industrial Informatics: Assertion of Knowledge from Raw Industrial Data ........................................ 227
   Iram Shahzadi, Al-Khawarizmi Institute of Computer Science, University of Engineering & Technology, Pakistan
   Qanita Ahmad, Al-Khawarizmi Institute of Computer Science, University of Engineering & Technology, Pakistan
   Imran Sarwar, Al-Khawarizmi Institute of Computer Science, University of Engineering & Technology, Pakistan

Chapter 11
Adaptive Network Based Fuzzy Interference System (ANFIS) Modeling of an Anaerobic Wastewater Treatment Process .................................................................................................................. 252
   P. Mullai, Annamalai University, India
   Eldon R. Rene, University of La Coruña, Spain
   Hung Suck Park, Center for Clean Technology and Resource Recycling, University of Ulsan, South Korea
   P. L. Sabarathinam, Annamalai University, India

Chapter 12
Evolutionary Computing: Principles and Applications to Portfolio Optimization .................................. 271
   Paramartha Dutta, Visva-Bharati University, India
   Paramita Bhattacharya, Yousuf Institution for Girls, India
   Siddhartha Bhattacharyya, The University of Burdwan, India

Section 3
Emerging Trends in Industrial Informatics

Chapter 13
Widespread Adoption of RFID Technology .......................................................................................... 297
   Nova Ahmed, Georgia Tech Research Institute (GTRI), USA

Chapter 14
Application of Wireless Sensor Networks in Industrial Settings ....................................................... 315
   P C Jain, Centre for Development of Advanced Computing (C-DAC), Noida (UP), India
Section 4
Tools and Technologies in Industry

Chapter 15
Linux Based Real-Time Control over Industrial Networks .......................................................... 334
Peter Fodrek, Slovak University of Technology, Slovakia
Michal Blaho, Slovak University of Technology, Slovakia
Martin Foltin, Slovak University of Technology, Slovakia
Matúš Lichý, Invensys Systems, s.r.o., Slovakia
Tomáš Murgaš, RT Systems, s.r.o., Slovakia

Chapter 16
Traffic Control of Two Parallel Stations Using the Optimal Dynamic Assignment Policy ............ 372
Seifedine Kadry, American University of the Middle East, Kuwait

Chapter 17
Feasible Automatic Reconfigurations of Real-Time OS Tasks ..................................................... 390
Hamza Gharssellaoui, National Institute of Applied Sciences and Technology, Tunisia
Atef Gharbi, National Institute of Applied Sciences and Technology, Tunisia
Mohamed Khalgui, Martin Luther University, Germany
Samir Ben Ahmed, National Institute of Applied Sciences and Technology, Tunisia

Chapter 18
Improving Industrial Product Lifecycle Management by Semantic Data Federations ................. 415
Steffen Kunz, Humboldt-Universität zu Berlin, Institute of Information Systems, Germany
Benjamin Fabian, Humboldt-Universität zu Berlin, Institute of Information Systems, Germany
Markus Aleksy, ABB Corporate Research Center Germany, Germany
Matthias Wauer, Technische Universität Dresden, Germany
Daniel Schuster, Technische Universität Dresden, Germany

Chapter 19
SoftPLC-Based Control: A Comparison between Commercial and Open-Source EtherCAT Technologies .................................................................................................................. 440
Stefano Scanzio, Istituto di Elettronica e di Ingegneria dell’Informazione e delle Telecomunicazioni, Italy

Chapter 20
Performance Evaluation of a Dynamic Model of a Photovoltaic Module for Real-Time Maximum Power Tracking ........................................................................................................ 464
M. S. Alam, Magna E-Car Systems of North America, USA
A. T. Alouani, Tennessee Technological University, USA
Section 5
Case Studies in Industrial Informatics

Chapter 21
III-V Nitride Based Novel Solid-State Terahertz Power-Source: Application in Defense and Industry
Moumita Mukherjee, Centre for Millimeter-wave Semiconductor Devices & Systems (CMSDS), Institute of Radio Physics and Electronics, University of Calcutta, India

Chapter 22
Secure RFID-Enablement in Modern Companies: A Case Study of the Pharmaceutical Industry
Matthieu-P. Schapranow, Hasso Plattner Institute, The University of Potsdam, Germany
Jürgen Müller, Hasso Plattner Institute, The University of Potsdam, Germany
Alexander Zeier, Hasso Plattner Institute, The University of Potsdam, Germany
Hasso Plattner, Hasso Plattner Institute, The University of Potsdam, Germany

Chapter 23
An Intelligent Hybrid Model for Bus Load Forecasting in Electrical Short-Term Operation Tasks
Ricardo Menezes Salgado, Institute of Exact Sciences, Federal University of Alfenas, Brazil & University of Campinas, Brazil
Takaaki Ohishi, University of Campinas, Brazil
Rosangela Ballini, Institute of Economics, University of Campinas, Brazil

Chapter 24
Intelligent Techniques for the Analysis of Power Quality Data in Electrical Power Distribution System
Zahir Javed Paracha, Victoria University, Australia
Akhtar Kalam, Victoria University, Australia
