**Chapter 1**

Business-Oriented Process Management................................................................. 1

*Ming-Chien Shan, SAP Research, USA*

**Chapter 2**

Business Process Portfolio Management:A Strategic Alignment Perspective............... 18

*Shawn Clark, College of Information Sciences and Technology, The Pennsylvania State University, USA*

*Brian Cameron, College of Information Sciences and Technology, The Pennsylvania State University, USA*

**Chapter 3**

Business Process Modeling................................................................................. 32

*Donald R. Chand, Bentley University, USA*

*Alina M. Chircu, Bentley University, USA*

**Chapter 4**

Building Semantic Business Process Space for Agile and Efficient Business Processes Management: Ontology-Based Approach......................................................... 51

*Gunwoo Kim, Hanbat National University, Republic of Korea*

*Yongmoo Suh, Korea University, Republic of Korea*

**Chapter 5**

Business Process Management and Six Sigma: Leveraging the Synergistic Relationship.......... 74

*Suresh Subramoniam, College of Engineering, Trivandrum, India*

*Venky Shankararaman, Singapore Management University, Singapore*

*K. V. Krishnankutty, College of Engineering, Trivandrum, India*

*Ravi Chinta, Xavier University, USA*
Section 2  
Business Processes and Service Oriented Architecture

Chapter 6  
Discrete Event Models for Web Service Processes ................................................................. 91  
Yuhong Yan, Concordia University, Canada  
May Haydar, Université de Montréal, Canada

Chapter 7  
Enhancing E-Commerce Processes with Alerts for Credit Card Payment ............................... 133  
Dickson K.W. Chiu, Dickson Computer System, Hong Kong  
Winnie N.Y. Yan, The Hong Kong University of Science and Technology, Hong Kong  
Eleanna Kafeza, Athens University of Economics and Business, Greece  
Matthias Farwick, Institute of Computer Science, University of Innsbruck, Austria  
Patrick C.K. Hung, University of Ontario Institute of Technology, Canada

Chapter 8  
Integrating and Measuring Business and Technology Services in the Context of Enterprise Architecture ........................................................................................................... 148  
Péter Fehér, Corvinus University of Budapest, Hungary

Section 3  
Business Process Management Systems

Chapter 9  
Model-Based Validation of Business Processes ........................................................................... 165  
Alireza Pourshahid, School of Information Technology and Engineering (SITE), University of Ottawa, Canada  
Liam Peyton, School of Information Technology and Engineering (SITE), University of Ottawa, Canada  
Sepideh Ghanavati, School of Information Technology and Engineering (SITE), University of Ottawa, Canada  
Daniel Amyot, School of Information Technology and Engineering (SITE), University of Ottawa, Canada  
Pengfei Chen, Research in Motion, Canada  
Michael Weiss, Carleton University, Canada

Chapter 10  
On Flexibility in Business Process Management Systems ............................................................ 184  
Amit Deokar, Dakota State University, USA  
Nazim Taskin, Dakota State University, USA
Chapter 11
Extending Workflows for Knowledge Flow Automation ................................................................. 199
  Surendra Sarnikar, Dakota State University, USA
  J. Leon Zhao, City University of Hong Kong, China

Chapter 12
Specification and Performance Characteristics of Scientific Grid Workflows.......................... 212
  Radu Prodan, Institute of Computer Science, University of Innsbruck, Austria

Section 4
Applications of Business Process Management

Chapter 13
Business Process Management in Financial Services................................................................. 240
  Randall E. Duran, Catena Technologies Pte Ltd, Singapore

Chapter 14
Business Process Reengineering a Sustained Trend? An Analysis About the Practice in Major
  German Companies.................................................................................................................... 252
  Thomas Hess, Institute for Information Systems and New Media at the Munich School
    of Management, Ludwig-Maximilians-University Munich, Germany
  Dagmar Schuller, Glam Media, Germany

Compilation of References ........................................................................................................ 265

About the Contributors ............................................................................................................. 290
