# Table of Contents

Foreword by Tim Thornton .............................................................................................................................................. xiv
Foreword by Yuanchun Shi ............................................................................................................................................... xv
Preface ........................................................................................................................................................................... xvi
Acknowledgment ........................................................................................................................................................... xxii

Chapter 1
Mobile Exam System – MES: Architecture for Database Management System .............................................. 1
   Joan Lu, University of Huddersfield, UK
   Aswin Sundaram, University of Huddersfield, UK
   Zhaozong Meng, University of Huddersfield, UK
   Priya A, University of Huddersfield, UK
   Gehao Lu, University of Huddersfield, UK
   John B. Stav, Sør-Trøndelag University College, Norway

Chapter 2
A Mobile Learning Content-independent Versatile Ubiquitous System (CiVUS) ........................................ 21
   Joel J.P.C. Rodrigues, Institute for Telecommunications, University of Beira Interior, Portugal
   Diogo Videira Sousa, Institute for Telecommunications, University of Beira Interior, Portugal
   Isabel de la Torre, University of Valladolid, Spain

Chapter 3
An Investigation in Potential Technology in Compressing Mobile Learning XML Documents ........... 37
   Baydaa Al-Hamadani, University of Huddersfield, UK
   Joan Lu, University of Huddersfield, UK

Chapter 4
Designing and Developing a Student Response System for Mobile Internet Devices ............................. 56
   Kjetil L. Nielsen, Sør-Trøndelag University College, Norway
   John B. Stav, Sør-Trøndelag University College, Norway
   Gabrielle Hansen-Nygård, Sør-Trøndelag University College, Norway
   Trond M. Thorseth, Sør-Trøndelag University College, Norway
Chapter 5
A Middleware for Distributing XML Data between Mobile Application Servers
Yousef E. Rabadi, University of Huddersfield, UK
Joan Lu, University of Huddersfield, UK

Chapter 6
Developing and Evaluating Practical Methodological Guidelines for use of Student Response System in Teaching
Gabrielle Hansen-Nygård, Sør-Trøndelag University College, Norway
Kjetil L. Nielsen, Sør-Trøndelag University College, Norway
Trond Morten Thorseth, Sør-Trøndelag University College, Norway
John Birger Stav, Sør-Trøndelag University College, Norway

Chapter 7
Innovative Tools and Models for E-Learning in Romania
Liviu Moldovan, Petru Maior University of Tirgu Mures, Romania

Chapter 8
The Approach and Research of Localization for Student Response System
Gehao Lu, University of Huddersfield, UK and Yunnan University, China
Lan Wang, University of Huddersfield, UK
Joan Lu, University of Huddersfield, UK
Wei Guo, Yunnan University, China
Jinyan Li, Yunnan University, China

Chapter 9
Environmental Education through Envkids Didactical Framework and ICT Tools
Hariklia Tsalapata, UTH, Greece
Rene Alimsi, CERETETH, Greece
Olivier Heidmann, CERETETH, Greece

Chapter 10
Development of an Extended Information Quality Framework for E-Learning System Content for Engineering Education Courses (EECs)
Mohamed Alsheddiqi, University of Huddersfield, UK
Rakesh Mishra, University of Huddersfield, UK
Taimoor Asim, University of Huddersfield, UK

Chapter 11
Using an Application of Mobile and Wireless Technology in Arabic Learning System
Ahlam Sawsaa, University of Huddersfield, UK
Joan Lu, University of Huddersfield, UK
Zhaozong Meng, University of Huddersfield, UK
Chapter 12
Promoting the use of Classroom Response Systems ............................................................... 187
Martin Charlesworth, University of Huddersfield, UK

Chapter 13
Preliminary Analysis of Using Games in Problem Based Learning in Learning Mathematics........ 202
Zareena Bt Rosli, Universiti Teknikal Malaysia Melaka, Malaysia
Faaizah Shahbodin, Universiti Teknikal Malaysia Melaka, Malaysia

Chapter 14
A Robust and Scalable RESTful Web Service for Collecting Student Responses: Student Response System (SRS)................................................................................................................. 209
Raoul Pascal Pein, Sør-Trøndelag University College, Norway
John Birger Stav, Sør-Trøndelag University College, Norway
Trond Morten Thorseth, Sør-Trøndelag University College, Norway
Joan Lu, University of Huddersfield, UK
