Table of Contents

Preface..................................................................................................................................................... xix

Section 1
The Use of Information Technology in Supply Chain Management

Chapter 1
Enterprise Applications for Supply Chain Management ................................................................. 1
Susan A. Sherer, Lehigh University, USA

Chapter 2
Information Technology Implementation Prioritization in Supply Chain: An Integrated Multi Criteria
Decision Making Approach .................................................................................................................. 12
Sreekumar, Rourkela Institute of Management Studies, India
Debendra Kumar Mahalik, Sambalpur University, India
Gokulananda Patel, Birla Institute of Management Technology, India

Chapter 3
Moderated Multiple Regression of Absorptive Capacity Attributes and Deployment Outcomes: The
Importance of RFID IT Infrastructure Integration and Supply Chain Process Integration ............... 25
Rebecca Angeles, University of New Brunswick Fredericton, Canada

Chapter 4
A Comparison of Information Technology Usage across Supply Chains: A Comparison of the U.S.
Beef Industry and the U.S. Food Industry .......................................................................................... 49
George N. Kenyon, Associate Professor, Lamar University, USA
Brian D. Neureuther, State University of New York at Plattsburgh, USA

Section 2
Supply Chain Collaboration

Chapter 5
Strategies for E-Procurement: Auto Industry Hubs Re-Examined .............................................. 77
Mickey Howard, University of Exeter, UK
Richard Vidgen, University of New South Wales, Australia
Philip Powell, Birkbeck, University of London, UK, & University of Groningen, The Netherlands
Chapter 6
Industry-Wide Supply Chain Information Integration: The Lack of Management and Disjoint Economic Responsibility

Stefan Henningsson, Centre for Applied Information and Communication Technology, Copenhagen Business School, Denmark
Jonas Hedman, Centre for Applied Information and Communication Technology, Copenhagen Business School, Denmark

Chapter 7
The Strategic Role of Human Collaboration in Supply Chain Management

Kenneth Saban, Duquesne University, USA
John Mawhinney, Duquesne University, USA

Chapter 8
Supply Chain Dispute Resolution: A Delphi Study

Frank Wolf, Nova Southeastern University, USA
Lee Pickler, Baldwin Wallace College, USA

Chapter 9
Fair Distribution of Efficiency Gains in Supply Networks from a Cooperative Game Theory Point of View

Stephan Zelewski, University of Duisburg-Essen, Germany
Malte L Peters, Center for Education and Science of the Federal Finance Administration, Germany

Section 3
Production Planning and Inventory Management

Chapter 10
Dynamic Price and Quantity Postponement Strategies

Yohanes Kristianto, University of Vaasa, Finland

Chapter 11
Determining Optimal Price and Order Quantity Under the Uncertainty in Demand and Supplier’s Wholesale Price

Seong-Hyun Nam, University of North Dakota, USA
Hisashi Kurata, International University of Japan, Japan
John Vitton, University of North Dakota, USA
Jaesun Park, University of North Dakota, USA

Chapter 12
Simulation of Inventory Control System in a Supply Chain Using RFID

Ibrahim Al Kattan, American University of Sharjah, UAE
Taha Al Khudairi, American University of Sharjah, UAE
Chapter 13
Two-Commodity Markovian Inventory System with Set of Reorders ........................................ 231
N. Anbazhagan, Algappa University, India
B. Vigneshwaran, Thiagarajar College of Engineering, India

Section 4
Logistics

Chapter 14
A New Look at Selecting Third-Party Reverse Logistics Providers ........................................ 246
Reza Farzipoor Saen, Islamic Azad University-Karaj Branch, Iran

Chapter 15
Management of Logistics Planning .................................................................................................255
Bjørnar Aas, Molde University College, The Norwegian School of Logistics, Norway
Stein W. Wallace, Lancaster University, England

Chapter 16
An Empirical Investigation of Third Party Logistics Providers in Thailand: Barriers, Motivation and
Usage of Information Technologies .................................................................................................272
Duangpun Kritchanchai, Mahidol University, Thailand
Albert Wee Kwan Tan, National University of Singapore, Singapore
Peter Hosie, University of Wollongong, Dubai, United Arab Emirates

Section 5
Supply Chain Monitoring and Performance Management

Chapter 17
Design and Development of an e-Platform for Supporting Liquid Food Supply Chain Monitoring
and Traceability ...............................................................................................................................290
Dimitris Folinas, Alexander Technological Institute of Thessaloniki, Greece
Ioannis Manikas, Aristotle University of Thessaloniki, Greece

Chapter 18
A Composite Method to Compare Countries to Ascertain Supply Chain Success:
Case of USA and India ....................................................................................................................311
Mark Gershon, Temple University, USA
Jagadeesh Rajashekhar, SDM Institute for Management Development, India

Chapter 19
An Automated Supply Chain Management System and Its Performance Evaluation ..................325
Firat Kart, Tibco Software, Inc., USA
Louise E. Moser, University of California, Santa Barbara, USA
P. M. Melliar-Smith, University of California, Santa Barbara, USA
Chapter 20
Supplier Selection by the Pair of AR-NF-IDEA Models ................................................................. 349
   Reza Farzipoor Saen, Islamic Azad University - Karaj Branch, Iran
   Mark Gershon, Temple University, USA

Compilation of References ............................................................................................................ 368

About the Contributors .................................................................................................................. 403
