Table of Contents

Preface .............................................................................................................................................. xiv

Chapter 1
Experiences with Developing a User-Centered Digital Library ....................................................... 1
   Elahe Kani-Zabihi, Brunel University, UK
   Gheorghita Ghinea, Brunel University, UK
   Sherry Y. Chen, Brunel University, UK

Chapter 2
First Person Singular: A Digital Library Collection that Helps Second Language Learners Express
Themselves ........................................................................................................................................ 22
   Shaoqun Wu, University of Waikato, New Zealand
   Ian H. Witten, University of Waikato, New Zealand

Chapter 3
Beyond Institutional Repositories ..................................................................................................... 41
   Laurent Romary, INRIA and Humboldt Universität zu Berlin, Germany
   Chris Armbruster, Max Planck Society (Max Planck Digital Library), Germany

Chapter 4
Sports Information Retrieval for Video Annotation .......................................................................... 59
   Hua-Tsung Chen, National Chiao-Tung University, Taiwan
   Wen-Jiin Tsai, National Chiao-Tung University, Taiwan
   Suh-Yin Lee, National Chiao-Tung University, Taiwan

Chapter 5
Investigating Language Skills and Field of Knowledge on Multilingual Information Access in
Digital Libraries .............................................................................................................................. 85
   Paul Clough, University of Sheffield, UK
   Irene Eleta, University of Sheffield, UK
Chapter 6
A Content-Driven System Architecture for Tackling Automatic Cataloging of Animated Movie Databases ................................................................. 101
  Bogdan Ionescu, University Politehnica of Bucharest, Romania
  Alexandru Marin, University Politehnica of Bucharest, Romania
  Patrick Lambert, University of Savoie, France
  Didier Coquin, University of Savoie, France
  Constantin Vertan, University Politehnica of Bucharest, Romania

Chapter 7
A Multiple-Instance Learning Based Approach to Multimodal Data Mining .................. 124
  Zhongfei Zhang, SUNY Binghamton, USA
  Zhen Guo, SUNY Binghamton, USA
  Jia-Yu Pan, Google Inc., USA

Chapter 8
A Bayesian Image Retrieval Framework ......................................................................... 143
  Rui Zhang, Ryerson University, Toronto, Canada
  Ling Guan, Ryerson University, Toronto, Canada

Chapter 9
Annotating Historical Archives of Images ...................................................................... 160
  Xiaoyue Wang, University of California Riverside, USA
  Lexiang Ye, University of California Riverside, USA
  Eamonn J. Keogh, University of California Riverside, USA
  Christian R. Shelton, University of California Riverside, USA

Chapter 10
Understanding Digital Documents Using Gestalt Properties of Isothetic Components .... 183
  Shyamosree Pal, Indian Institute of Technology, Kharagpur, India
  Partha Bhowmick, Indian Institute of Technology, Kharagpur, India
  Arindam Biswas, Bengal Engineering and Science University, Shibpur, Howrah, India
  Bhargab B. Bhattacharya, Indian Statistical Institute, Kolkata, India

Chapter 11
A Probabilistic SVM Approach to Annotation of Calcification Mammograms .............. 208
  Chia-Hung Wei, Ching Yun University, Taiwan
  Sherry Y. Chen, Brunel University, UK

Chapter 12
3D Face Reconstruction from Two Orthogonal Images for Face Recognition Applications ..... 223
  Stefano Berretti, University of Firenze, Italy
  Alberto Del Bimbo, University of Firenze, Italy
  Pietro Pala, University of Firenze, Italy
Chapter 13
Nested Partitions Properties for Spatial Content Image Retrieval................................. 240

Dmitry Kinoshenko, Kharkiv National University of Radio Electronics, Ukraine
Vladimir Mashtalir, Kharkiv National University of Radio Electronics, Ukraine
Vladislav Shlyakhov, Kharkiv National University of Radio Electronics, Ukraine
Elena Yegorova, Kharkiv National University of Radio Electronics, Ukraine

Chapter 14

Minh-Thang Luong, National University of Singapore, Singapore
Thuy Dung Nguyen, National University of Singapore, Singapore
Min-Yen Kan, National University of Singapore, Singapore

Chapter 15
Sampling the Web as Training Data for Text Classification ................................................ 293

Wei-Yen Day, National Taiwan University, Taiwan
Chun-Yi Chi, National Taiwan University, Taiwan
Ruey-Cheng Chen, National Taiwan University, Taiwan
Pu-Jen Cheng, National Taiwan University, Taiwan

Chapter 16
QiVMDL - Towards a Socially Constructed Virtual Museum and Digital Library for the
Preservation of Cultural Heritage: A Case of the Chinese “Qipao”........................................ 311

Yin-Leng Theng, Nanyang Technological University, Singapore
Yanling Luo, Nanyang Technological University, Singapore
Gladys Theng Sau-Mei, Northeast Normal University, China

Chapter 17
Comparing Repository Types: Challenges and Barriers for Subject-Based Repositories, Research
Repositories, National Repository Systems and Institutional Repositories in Serving Scholarly
Communication....................................................................................................................... 329

Chris Armbruster, Max Planck Society, Germany
Laurent Romary, INRIA and Humboldt Universität zu Berlin, Germany

Compilation of References .................................................................................................. 342

About the Contributors ....................................................................................................... 364

Index...................................................................................................................................... 372
