Table of Contents

Preface....................................................................................................................................................xvi

Section 1
Information System Provision

Chapter 1
Interview The Systems View from Barry G. Silverman: A Systems Scientist .......................... 1
  Manuel Mora, Autonomous University of Aguascalientes, Mexico
  Miroljub Kljajić, University of Maribor, Slovenia

Chapter 2
Towards Knowledge Evolution in Software Engineering: An Epistemological Approach ........8
  Yves Wautelet, Université Catholique de Louvain, Belgium
  Christophe Schinckus, Facultés Universitaires St-Louis, Belgium
  Manuel Kolp, Université Catholique de Louvain, Belgium

Chapter 3
A Holistic Approach for Understanding Project Management ..................................................... 25
  Theresa A. Kraft, University of Michigan, USA
  Annette L. Steenkamp, Lawrence Technological University, USA

Chapter 4
The Importance of Systems Methodologies for Industrial and Scientific National Wealthy and
Development...................................................................................................................................... 40
  Miroljub Kljajić, University of Maribor, Slovenia

Chapter 5
An Integrated Systems Approach for Early Warning and Risk Management Systems ............ 55
  Walter Hürster, Private Researcher and Independent Consultant, Germany
  Thomas Wilbois, T-Systems, Germany
  Fernando Chaves, Fraunhofer IITB, Germany
Chapter 6
Software Development Life Cycles and Methodologies: Fixing the Old and Adopting the New ........ 66
    Sue Conger, University of Dallas, USA

Chapter 7
Model-Driven Engineering of Composite Service Oriented Applications ......................... 91
    Bill Karakostas, City University London, UK
    Yannis Zorgios, CLMS Ltd., UK

Chapter 8
A Service Oriented Architecture for Coordination in Collaborative Environments ................. 106
    Beatriz Jiménez Valverde, University of Granada, Spain
    Miguel Sánchez Román, University of Granada, Spain
    Francisco L. Gutiérrez Vela, University of Granada, Spain
    Patricia Paderewski Rodriguez, University of Granada, Spain

Chapter 9
Mobile Enterprise Architecture Framework ................................................................. 121
    Zongjun Li, Government of Ontario, Canada
    Annette Lerine Steenkamp, Lawrence Technological University, USA

Chapter 10
Testable Theory Development for Small-N Studies: Critical Realism and Middle-Range Theory.... 139
    Matthew L. Smith, International Development Research Centre, Canada

Chapter 11
Multi-Level Service Infrastructure for Geovisual Analytics in the Context of Territorial
    Management ............................................................................................................. 154
    Giuseppe Conti, Fondazione Graphitech, Italy
    Raffaele De Amicis, Fondazione Graphitech, Italy
    Stefano Piffer, Fondazione Graphitech, Italy
    Bruno Simões, Fondazione Graphitech, Italy

Chapter 12
Tracking Values in Web based Student Teacher Exchanges ............................................. 167
    Thomas Hansson, Blekinge Institute of Technology, Sweden

Chapter 13
Business Innovation and Service Oriented Architecture: An Empirical Investigation ............. 184
    Bendik Bygstad, Norwegian School of Information Technology, Norway
    Tor-Morten Gronli, Norwegian School of Information Technology, Norway
    Helge Bergh, Norwegian ASA, Norway
    Gheorghita Ghinea, Brunel University, UK
Chapter 14
An Open and Service-Oriented Architecture to Support the Automation of Learning Scenarios ..... 197
Ángels Rius, Universitat Oberta de Catalunya, Spain
Francesc Santanach, Universitat Oberta de Catalunya, Spain
Jordi Conesa, Universitat Oberta de Catalunya, Spain
Magí Almirall, Universitat Oberta de Catalunya, Spain
Elena García-Barriocanal, Universidad de Alcalá, Spain

Chapter 15
Analysis of Click Stream Patterns using Soft Biclustering Approaches ........................................... 212
P. K. Nizar Bani, Narasus Sarathy Institute of Technology, India
H. Hannah Inbarani, Periyar University, India

Section 2
Security and Privacy

Chapter 16
Preventative Actions for Enhancing Online Protection and Privacy ................................................. 226
Steven Furnell, University of Plymouth, UK
Rossouw von Solms, Nelson Mandela Metropolitan University, South Africa
Andy Phippen, University of Plymouth, UK

Chapter 17
Minimising Collateral Damage: Privacy-Preserving Investigative Data Acquisition Platform .......... 237
Zbigniew Kwecka, Edinburgh Napier University, UK
William J. Buchanan, Edinburgh Napier University, UK

Chapter 18
A Cross Layer Spoofing Detection Mechanism for Multimedia Communication Services .......... 257
Nikos Vrakas, University of Piraeus, Greece
Costas Lambrinoudakis, University of Piraeus, Greece

Chapter 19
Cryptographic Approaches for Privacy Preservation in Location-Based Services: A Survey .......... 273
Emmanouil Magkos, Ionian University, Greece

Chapter 20
Deploying Privacy Improved RBAC in Web Information Systems .................................................. 298
Ioannis Mavridis, University of Macedonia, Greece

Compilation of References .............................................................................................................. 316

About the Contributors ................................................................................................................... 350
