Acknowledgment

This book took more than one year to finish, from late 2010 to early 2012. It is a large and difficult—but also enjoyable, memorable, and rewarding—work. The editors spent a great deal of time communicating with (potential) authors via numerous emails, organizing, and managing this book. The successful accomplishment of this book is a credit to many people. The editors thank the authors for their quality works and great efforts of revising their works based on the reviewers’ comments. They thank the reviewers who provided such helpful feedback and detailed commentary. Special thanks go to the staff at IGI Global, especially to Myla Merkel, Mehdi Khosrow-Pour, and Jan Travers. Finally, the biggest thanks go to our family members for their love and supports throughout this project.
