Acknowledgment

We very much appreciate the effort, collaboration, and participation of many people, including colleagues and friends, a long list of partners, institutions, organisations, and over 1,000 registered members without whom MUSICNETWORK and this book would not exist. Thanks to all the authors who submitted chapters and all the reviewers for their invaluable help and insightful contributions. Thanks to the European Commission IST 5th Framework Programme for cosupporting the MUSICNETWORK project, and the EC project officer Ian Pigott.

Thanks to many special people working behind the scenes who have helped and supported us over the course of the project and during postproject activities (such as the establishment of the MUSICNETWORK International Association and the completion of this book), including the DSI team at the University of Florence, the ICSRiM team at the University of Leeds, and many others.

A special thanks to all the staff at the IGI Global, particularly to Kristin Roth, Ross Miller, Jessica Thompson, and Jan Travers, for their assistance and guidance.

Last but not least, we would like to thank our families for their support and understanding throughout this project.
