Table of Contents

Preface ................................................................................................................................. xvi
Acknowledgment ................................................................................................................ xix

Section 1
Mobile Services Industries

Chapter 1
Deployment of Mobile Broadband Service in the United States ...................................... 1
James E. Prieger, Pepperdine University, USA
Thomas V. Church, Hoover Institution, USA

Chapter 2
Why is the Diffusion of Mobile Service Not an Evolutionary Process? ......................... 25
Mohammad Tsani Annafari, Chalmers University of Technology, Sweden
Erik Bohlin, Chalmers University of Technology, Sweden

Chapter 3
John B. Meisel, Southern Illinois University Edwardsville, USA
John C. Navin, Southern Illinois University Edwardsville, USA
Timothy S. Sullivan, Southern Illinois University Edwardsville, USA

Chapter 4
An Eclectic Perspective on the Internationalization of Australian Mobile Services SMEs ........ 55
Sally Rao Hill, University of Adelaide, Australia
Indrit Troshani, University of Adelaide, Australia
Susan Freeman, University of Adelaide, Australia

Chapter 5
Mobile Broadband: Substituting for Fixed Broadband or Providing Value-Added ............ 74
Carol McDonough, University of Massachusetts Lowell, USA
Chapter 6
Benchmarking Mobile Operators Using DEA: An Application to the European Mobile Markets ...... 87
   Belén Usero, University of Carlos III, Spain
   Grigorios Asimakopoulos, University of Carlos III, Spain

Chapter 7
Evolution of Mobile Services: An Analysis ................................................................. 104
   Sunil Jose Gregory, Infosys Ltd, India

Chapter 8
Smartphone Market in China: Challenges, Opportunities, and Promises .......................... 120
   Jujian Chen, Saint Louis University, USA
   Xiaorui Hu, Saint Louis University, USA

Section 2
Mobile Services Technologies

Chapter 9
Large Imagery on Small Screens: Novel Technology for Device Adaptation in Mobile Services ....... 134
   René Rosenbaum, The University of California Davis, USA

Chapter 10
Incremental Location Matching for Human Travel Route Anomaly Detection ....................... 153
   Wen-Chen Hu, University of North Dakota, USA
   Naima Kaabouch, University of North Dakota, USA
   Lei Chen, Sam Houston State University, USA
   Ming Yang, Southern Polytechnic State University, USA

Chapter 11
Enabling Mobile Service Provision with Sensor Networks ............................................... 175
   Levent Görgü, University College Dublin, Ireland
   Jie Wan, University College Dublin, Ireland
   Gregory M. P. O’Hare, University College Dublin, Ireland
   Michael J. O’Grady, University College Dublin, Ireland

Chapter 12
Runtime Discovery and Access of Web Services in Mobile Environments .......................... 193
   Hassan Artail, American University of Beirut, Lebanon
   Takwa Tarhini, American University of Beirut, Lebanon

Chapter 13
HTML5 ......................................................................................................................... 214
   Kevin Curran, University of Ulster, UK
   Kevin Deery, University of Ulster, UK
Section 3
Mobile Services Applications

Chapter 14
Recommendation Systems for Mobile Devices ................................................................. 221
   Fabrizio Caruso, Neodata, Italy
   Giovanni Giuffrida, University of Catania, Italy
   Diego Reforgiato, University of Catania, Italy
   Calogero Zarba, Neodata, Italy

Chapter 15
Location-Based Social Networks ...................................................................................... 243
   Declan Traynor, University of Ulster, UK
   Kevin Curran, University of Ulster, UK

Chapter 16
Mobile NFC Services: Adoption Factors and a Typology of Business Models .................. 254
   Faouzi Kamoun, University of Dubai, UAE

Chapter 17
The Development of Mobile Service Applications for Consumers and Intelligent Networks ...... 273
   Rebecca De Coster, Brunel University, UK
   Abdulrhman Albesher, Brunel University, UK

Chapter 18
Emerging Mobile Service Applications: The Case for RFID in Healthcare ...................... 290
   Ygal Bendavid, Université du Québec à Montréal, Canada
   Ramin Deban, École Polytechnique de Montréal, Canada

Compilation of References ............................................................................................... 310

About the Contributors ..................................................................................................... 338
