Acknowledgment

The editors want to specially thank the authors for their contributions to this book, as well as to the editorial advisory board and peer reviewers for their on-time and fruitful reviews. Some selected papers of the International Workshop on Adaptive Services for the Future Internet (WAS4FI 2011) have been extended to be published as chapters in this book: we would like to thank WAS4FI authors and programme committee for their contributions and reviews, respectively. Winfried Lamersdorf deserves also a special mention and acknowledgment for writing the foreword, which perfectly fits with the ideas presented in this book. Their support has significantly contributed to the success of this book.
