# Table of Contents

Preface .................................................................................................................................................... xiv

Acknowledgment .................................................................................................................................. xxii

## Section 1
**Foundations to Open Source Development**

**Chapter 1**
A Model of Cultural Competence in Open Source Systems ................................................................. 1  
* Doris Wright Carroll, Kansas State University, USA

**Chapter 2**
Open Source Approach to Contemporary Research: The Case of Geo-Information Technology ........ 11  
* Dimitris Kavroudakis, University of the Aegean, Greece

**Chapter 3**
Facilitating the Integration of Open Educational Courses ................................................................. 26  
* Yolanda Debose Columbus, University of North Texas at Dallas, USA

**Chapter 4**
Creating a Digital Learning Community for Undergraduate Minority Science Majors ................... 34  
* Gladys Palma de Schrynemakers, Long Island University, Brooklyn Campus, USA

**Chapter 5**
Analyzing the Competitive Dynamics in Open-Source Publishing Using Game Theory .............. 53  
* Shalin Hai-Jew, Kansas State University, USA

## Section 2
**Open Source Development in Higher Education Practice**

**Chapter 6**
Virtualized Open Source Networking Lab ............................................................................................... 85  
* Lee Chao, University of Houston-Victoria, USA
Chapter 7
Deploying Digital Educational Resources with Free and Open Source Technologies ................. 101
  *Jason G. Caudill, Carson-Newman College, USA*

Chapter 8
Building Open-Source Resources for Online Learning in a Higher Education Environment .......... 115
  *Shalin Hai-Jew, Kansas State University, USA*

Chapter 9
Open Source for Higher Conventional and Open Education in India ........................................ 136
  *Ramesh C. Sharma, Indira Gandhi National Open University, India*

Section 3
Open Source in the Wide World

Chapter 10
Measuring Language Learners’ Speaking Proficiency in a Second Language Using Economical Digital Tools ........................................................................................................................................ 155
  *Peter B. Swanson, Georgia State University, USA*

Chapter 11
Open Source Educational Initiatives to Improve Awareness of Rabies Prevention .......................... 176
  *Peter Costa, Global Alliance for Rabies Control, USA*
  *Deborah J. Briggs, Global Alliance for Rabies Control, USA*

Chapter 12
The Web 2.0 Mandate for a Transition from Webmaster to Wiki Master ........................................ 193
  *Roger W. McHaney, Kansas State University, USA*

Chapter 13
Creating Open-Source Interactive Articles for the Wider Publics .................................................... 219
  *Shalin Hai-Jew, Kansas State University, USA*

Chapter 14
Creating a Video Based Educational Game: A How-To Guide ......................................................... 242
  *Brent A. Anders, Kansas State University, USA*

Section 4
Developing the User “Installed Base” for Open Source Resources

Chapter 15
Creating Open Source Lecture Materials: A Guide to Trends, Technologies, and Approaches in the Information Sciences ................................................................. 253
  *William H. Hsu, Kansas State University, USA*
Chapter 16
Aligning Practice and Philosophy: Opening up Options for School Leaders ........................................ 281
Kathryn Moyle, Charles Darwin University, Australia

Chapter 17
Selectively Employing Open-Source Resources for Online Learning .............................................. 300
Shalin Hai-Jew, Kansas State University, USA

Compilation of References .................................................................................................................. 309

About the Contributors ..................................................................................................................... 337
